Terms that are used in this Rule Book that are not defined have the meanings ascribed to them in Appendix D – Definitions.

The WSL may amend or supplement this Rule Book from time to time with the consent of the Commissioner's Office; provided however that any amendment or supplement relating to the Championship Tour (CT) that is within the scope of the authority of the Special Committee may only be amended or supplemented with the written consent of the Special Committee. The Special Committee will have authority to review (and approve or reject) proposed changes, implementations or amendments to existing arrangements relating to the CT in the following areas:

- the number and location of CT Events (including any material changes to the dates of the CT Events);
- the number of CT Events held in wave basins;
- the numbers of Surfers participating on the CT; and
- Competition Matters.

WSL shall give to the Special Committee reasonable advance written notice of any proposed changes in relation to Competition Matters, the rationale for the proposed change(s), and reasonable time to consider such matters. When considering such matters, the Special Committee shall have regard at all times for the following Key Principles:

- maintain the integrity of surfing and the CT;
- safeguard the interests of individual athletes participating in the CT;
- enhance the development and growth of the CT and CT Events;
- create a sustainable business model to allow the CT and CT surfing to continue to grow; and
- operate the CT in accordance with ethical principles.

Notwithstanding the foregoing, any amendment or supplement that is within the scope of the authority of the Special Committee may be approved solely by the WSL if reasonably deemed necessary by the WSL in response to a pandemic.

CHAPTER 1: CHAMPIONSHIP TOUR (CT)

This Chapter applies to all CT Events and CT Surfers and Support Staff unless specifically referred to otherwise.

1.01 **Prize Money**

- (a) All Prize Money allocations must follow the approved breakdowns in Appendix A to this Rule Book as decided by the Commissioner's Office.
- (b) WSL will facilitate all Prize Money payments direct to the Surfer's bank account, unless otherwise agreed.

1.02 **Scheduling:** On completion of the CT Surfing Season, there will be a minimum one-month break before the start of the next CT Surfing Season.

1.03 **Trials:** CT Trials Events formats, dates and details must be finalized prior to the start of the CT Event Window and will be subject to the approval of the Commissioner's Office.

1.04 **Event-Related Activities:** If a WSL Regional Office and/or an Event sponsor wants to run extra events and/or surf related activities inside the Event Window, such as expression sessions, celebrity heats, etc., the Event sponsor must obtain the written approval of the Commissioner's Office at least sixty (60) days prior to the start of the CT Event Window.

1.05 **CT Rankings Points**

- (a) Point breakdowns for all CT Events (other than the WSL Finals) are as shown in Appendix B. Such points are gathered throughout the Surfing Season and will contribute to the Surfers' ranking and Seeding Benefits in accordance with this Rule Book.
- (b) For ties of rankings for qualifying positions on the CT or top 5 positions at the conclusion of the CT Regular Season for the WSL Finals, refer to Rule 1.09 and 1.10.
- (c) Subject to Rule 1.05(b), all ties on year-end CT Rankings will be broken by considering the following:
 - (i) the results from that Surfing Season's best counting Regular Season CT Events for each such Surfer, counting back from their best performance to their worst. If one Surfer betters the other as this is applied, the tie is broken, and that Surfer will take the tied rankings position while the other Surfer will take the lower rankings position. If the tie is not broken, clause (ii) will apply; and
 - (ii) the Surfer with the higher total number of heat wins (excluding Elimination Rounds) at the Regular Season CT Events in that Surfing Season will fill the tied rankings position while the other Surfer will take the lower rankings position; provided, however, that if there is still a tie, the Surfer with the higher average heat score from the CT Events that Regular Season Surfing Season will fill the tied rankings position while the other Surfer will take the lower rankings position.
- (d) CT Ranking Points will be awarded at all CT Events to all CT Surfers other than Event Wildcards. The WSL Wildcards (two men and two women) who will be selected after the Mid-Season Cut will only be eligible to compete on the CT at the start of the subsequent season; provided that WSL in its sole discretion may elect for a single WSL Wildcard to compete after the Mid-Season

Cut for CT Ranking Points in the available WSL Wildcard slots if the WSL Wildcard is a former world champion or competed in the WSL Finals.

- (e) Following the conclusion of the WSL Finals, the CT Ranking positions for the top five (5) Men and Women will be reallocated to reflect where they placed in the WSL Finals (i.e., first, second, third, fourth or fifth). At the end of the Regular Surfing Season, the Top 5 men and Top 5 women based on CT Ranking Points will qualify for the WSL Finals. If a Top 5 Surfer who has qualified for the WSL Finals is injured and can't compete in the WSL Finals, there will be no injury replacements for such Surfer (e.g., if one of the five WSL Finals Surfers is injured and can't compete, he/she that Surfer will not be replaced by the Surfer who is ranked 6th on the Final CT Rankings prior to the WSL Finals. Competition will go ahead with 4 surfers only in that Division.
- (f) For end of the year Final CT Rankings after the completion of the WSL Finals, if #1 Seeded Surfer is injured and can't compete that Surfer will be #2 In the Final CT Rankings. Seeded Surfers #2, #3 & #4 will be #5 in the Final CT Rankings in case of Injury.

2.03 Cancellation of an Event: If any Event is cancelled by the Event licensee, any License Fee paid prior to such cancellation is non-refundable. A penalty in an amount equal to ten percent (10%) of the Prize Money will be imposed by WSL, which must be paid no later than ninety (90) days prior to the Event Start Date before the Event will be re-instated by WSL in a future Surfing Season's schedule.

This payment will be non-refundable and will be used to pay the Prize Money for the Event when it runs. If the Event does not run in that Surfing Season, the Prize Money paid to WSL is forfeited. Payment is required within seven (7) days of the confirmation from WSL that the Event location/dates have been changed. The Event licensee will be responsible for any costs incurred by a Surfer or the WSL which will include non-refundable payments for accommodation, travel costs and other reasonable costs because of these changes being approved.

Prize Money

If an Event is cancelled within the ninety (90)-day period, then the cash sum and License Fee will be forfeited and used to offset expenses incurred by Surfers and the Licensing Region.
- (b) For QS and Challenger Series Events, Prize Money Minimum breakdowns are set forth in Appendix C.

- (d) Any variations to Prize Money breakdowns set forth in this Rule Book must be approved by WSL.
- (e) All onsite Prize Money is payable by completion of the day the Surfer is eliminated from the Event if paying by any means other than bank transfer. If paying by bank transfer, the Event licensee has fourteen (14) days from the end of the Event Window to complete payments for all Surfers who have provided banking details. Prize Money for any Surfer who has not provided their bank details fourteen (14) days after the Event finish date is forfeit to the Licensing Regional Office.
- (f) All Prize Money payments will be paid directly to the Surfer by the Event licensee in accordance with the relevant event license agreement, but not later than thirty (30) days after the Event finishes.
- (g) Any late payment of Prize Money will result in serious consequences up to and including losing the right to host any subsequent editions of the Event without waiving any right of WSL to claim against the Event licensee.
- (h) All Surfers must sign any forms or provide copies of their ID (passport or valid driver license) to the Event licensee if requested before they leave the Event. Failure to do so may mean loss of Prize Money. Event licensees must have someone on site during the competition hours of each day from competition start to thirty (30) minutes after the Event finishes to receive this documentation. If a Surfer fails to provide or complete the necessary documents, they have seven (7) days from the Event

end date to provide them or they will forfeit their Prize Money.

2.07

- (d) All WSL Event dates can be found on the WSL Schedule, which is always subject to change at the sole discretion of WSL. If a Surfer incurs costs in connection with a change to the WSL Schedule within thirty (30) days of the Event Start Date, the WSL Regional Office will consider an application for reimbursement of costs and a claim may be made by the Surfer against an Event licensee for reimbursement of costs.

- (b) For QS Events, positions must be made available to the Licensing Region for up to the top four (4) JQS Surfers from the Region. QS Ranking points will be provided to the Surfers competing in Trials conducted pursuant to this Rule 2.09(c).
- (c) If a QS Event is permitted by WSL to run a regional Surfer -only Trials then a maximum of one (1) position will be kept open and selection is up to the Licensing Region. QS Ranking points will not be provided to the Surfers competing in Trials conducted pursuant to this Rule 2.09(d).
- (d) Trials qualifications must be run prior to the licensed Event dates unless permitted by the WSL Regional Office.
- (e) Any Challenger Series Events holding other categories or Trials to decide qualifiers for an eighty (80) Event format must hold these prior to the allocated minimum days required for the relevant Event.
- (f) All rules not specific to an Event will apply to Trials.
- (g) In the Trials, a full WSL qualified judging panel, if available, is to be used as in the main Event. QS: Challenger Series Rankings Points and Regional Rankings

- (a) Challenger Series Points and Regional QS Points will be allocated as per the point schedules shown in Appendix B.
- (b) For all ties for Qualifying Positions on year-end Challenger Series or regional QS Rankings, they will be broken in the following manner:
 - (i) the results from that Surfing Season's best counting Challenger Series/Regional QS Events for each such Surfer, counting back from their best performance to their worst. If

one Surfer better than the other as this is applied, the tie is broken, and that Surfer will take the tied rankings position while the other will take the lower rankings position. If the tie is not broken, clause (ii) will apply; and

- (ii) the Surfer with the higher total number of heat wins at the Challenger Series/Regional QS in that Surfing Season will fill the tied rankings position while the other will take the lower rankings position; provided, however, that if there is still a tie, the Surfer with the higher average heat score from the Challenger Series/Regional QS that Surfing Season will fill the tied rankings position while the other will take the lower rankings position. When calculating the total number of heat wins at Challenger Series/Regional QS in a Surfing Season, heat wins in round one will not count.
- (c) Regional QS Rankings will be calculated during the current Surfing Season. The number of events counting in each Region will be determined by the Commissioners Office and the relevant Regional Office, and this information will be made available to the regional Surfers. The resulting accumulation of points are the Surfer's "Regional Points," and their ranking against the other Surfers in the Region indicates the Surfer's "Regional QS Ranking."
- (d) The Surfer who obtains the highest Regional QS Ranking at the end of a Surfing Season will be the Regional Champion for the following Surfing Season.
- (e) Notwithstanding anything to the contrary in this Rule 2.10, for purposes of determining the seed order for a QS Event, if there is a tie in the QS Rankings of any Surfers, the tie will be broken as specified in Rule 2.21.

2.11

Events Counting Towards Qualification:

Challenger Series

If there are seven (7) Challenger Series Events then the best five (5) results will count; if there are six (6) Challenger Series Events then the best four (4) results will count; if there are five (5) Challenger Series Events then the best four (4) results will count; and if there are four (4) or less Challenger Series Events then three (3) results will count.

Regional QS Series

Number of Events counting will be determined by the relevant Regional Office.

2.12

Injury or Pregnancy Ranking Adjustments

- (a) In order to receive consideration for Regional QS or Challenger Series Event injury or pregnancy adjustments, WSL must receive a written application, acceptable medical certification and the Surfer must have missed more than fifty percent (50%) of the Regional QS or Challenger Series Events in the relevant year. In addition, the Surfer must have a QS Ranking in the top one hundred and fifty (150) for men at the time of the injury and top seventy-five (75) for women at the end of the previous or current Surfing Season. If the adjustment is approved by the Regional Office, the Surfers' final ranking will be their QS Ranking plus twenty-two (22) for men and plus ten (10) for women.

- (b) A Surfer may also apply for a mid-season injury ranking adjustment if they have been injured in that Surfing Season and have provided a medical certification confirming that they have not been able to compete until after the Mid-Season Date. If the adjustment is approved by the Regional Office, the Surfer will receive their seeding from the beginning of the year and not their ranking until such time the successful applicant either betters their previous year's ranking or they compete in the minimum number of QS/Challenger Series Events counting towards their year-end Regional QS or Challenger Series Ranking. The Regional Office may approve other adjustments to a Surfer's ranking if extreme circumstances have resulted in the time limit being exceeded. The WSL Medical Coordinator shall have sole discretion when assessing a Surfer's health and the validity of a medical certificate.

Qualification Series Fees

International Events

- (a) Anyone who intends to compete in any WSL QS/Challenger Series Event outside of their country must pay the WSL Regional Membership and Entry fees and purchase the travel insurance policy offered through MemberPro or have alternative insurance to cover their participation at the Event during a Surfing Season (depending on region, subject to verification).
- (b) All Event fees will be as per the WSL online entry system.
- (c) No additional fee is required for a Surfer to enter in any Regional QS/Challenger Series Event if the Surfer has paid the relevant membership fees in full.

Regional Events

- (a) In all WSL Regions, a Surfer fee is applicable for those wishing to compete in their own Region only, set by the applicable Regional Office.
- (b) In QS 2000-6000 Events, regional Surfers can pay a Surfer fee set by the Regional Office as described in Rule 2.13(a)(Regional Events). They will be allocated prior Surfer Season's seeding rights.
- (c) Any Surfer who competes without paying their Surfer fee where applicable will not receive points for that Event and will lose all previous seeding rights. Surfers will not be permitted to compete if they have not purchased a travel insurance policy through MemberPro or purchased insurance to cover participation at an Event (subject to verification); different rules applicable in different regions, please confirm requirements with your regional tour manager if necessary.
- (d) CT Surfers pay the applicable entry fee into all WSL QS/Challenger Series Events but are not required to pay any QS Surfer fees.
- (e) Life Members designated by WSL or former CT World Champions do not pay any QS Surfer fees but must pay applicable entry fees for WSL QS/Challenger Series Events and purchase travel insurance policy through MemberPro.

- (g) Amateurs may receive points, Prize Money and seeding status as

Any local rules or laws that are relevant to the status of an amateur will apply in this situation. Amateurs who turn professional during the year will not lose previously gained points.

- 2.14 **Entry Fees:** Entry Fees for all Events will be as set forth in MemberPro.

2.15 **Event Registration and Entry Procedure**

- (a) Registration for all QS/Challenger Series Events must be done online through MemberPro unless there are extenuating circumstances that do not allow for the Surfer to do so, in which case the Surfer should contact your WSL Regional Office immediately. Regional Office Contact information is available on the Competitor Services page of the WSL website.
- (b) All online QS/Challenger Event registrations must be made by 5:00 pm USA Pacific Coast time on the date the Event entries close (as reflected in MemberPro) to maintain seeding rights.
- (c) If an Entry Fee payment is declined, the Surfer will be sent an email notification and given seven (7) days to rectify the problem. After seven (7) days, if no payment is received, the Surfer will be removed from the entry and seed list for the QS/Challenger Series Event. If the Surfer subsequently re-enters the QS/Challenger Series Event, they will be placed at the bottom of the seed list as any other new entries would be at the time of successful entry to the QS/Challenger Series Event.
- (d) Where a Surfer enters multiple QS/Challenger Series Events whose Event Windows overlap, the Surfer will be entered into the higher rated QS/Challenger Series Event. If the QS/Challenger Series Events have the same rating, the Surfer will be contacted as soon as possible, and the Surfer will have seven (7) days to respond with a choice of which QS/Challenger Series Event to enter. Should the Surfer not respond within seven (7) days, only the entry for the QS/Challenger Series Event that the Surfer entered first as indicated by MemberPro will be confirmed.
- (e) Entry payments received after the closing date and prior to the Event Start Date will be treated on a first come first served basis until the QS/Challenger Series Event is full.
- (f) Event organizers cannot accept any entries and must refer the Surfers to MemberPro.
- (g) Beach entries must be made with the WSL Regional Representative at the Event Site and any Surfers who submit a beach entry will be placed on the Alternate list. For additional information, please refer to Rule 2.23.

2.16 **Surfer Regional Status for Membership Purposes**

- (a) The WSL has residency requirements to determine whether membership of a Surfer can be changed ("**Regional Status**"). These requirements are complex. Consequently, Surfers applying to a WSL Region often have questions about their residency status as it applies to membership. The following Rule is designed to acquaint Surfers with the WSL residency requirements and to provide answers to common questions. The following information is not a complete explanation of the laws and regulations about residency and should not be relied on for

actual residency in a state, territory or country. Considerations for WSL may change from time to time, and the most relevant considerations for a particular Region can be provided by the respective Region (contact details for each Regional Office are on the last page of this Rule Book).

- (i) **What Residency Requirements are Considered When Approving an Application to Change a Surfer's Regional Status?** To qualify for a Regional Status change, a Surfer must have been a **bona fide resident** of the Region for at least the time period set by the respective WSL Regional Office. Time periods vary from Region to Region, so check their requirements. In addition, whether the Surfer is an adult or a minor, for the time period prior to an application, they must not have been claimed as a dependent for tax purposes by their parents or guardians if they are not legal residents of the proposed Region.
 - (ii) **What does "bona fide residence" mean? Bona fide residence** is synonymous with the legal concept of domicile. A person's domicile is the place where that person lives permanently and returns to after any absence. To be a bona fide resident of a Region, a Surfer must be physically present in that Region and demonstrate their intent to make the Region their permanent home.
 - (iii) **How would the Surfer demonstrate intent that the WSL Region is their permanent home?** No single action will demonstrate the Surfer's intent. WSL will look for a combination of actions when evaluating the application to change Regional Status, with reference to other considerations specific to that Region. Of all the possible actions displaying intent, the most important are:
 - (v) filing a resident personal income tax form in the country and /or state for the relevant Region;
 - (w) current driver's license in that Region;
 - (x) ownership or continuous lease of a home in the Region;
 - (y) permanent or continuous employment in the Region; and
 - (z) presence of spouse, children, and other close relatives in the Region.Of course, any other evidence illustrating the intent to make the Region their permanent home should be submitted with the application.
- (b) **What else should I know about WSL Residency Requirements for Regional Membership?**
- (i) In order to be a bona fide resident for membership purposes, a Surfer must be a citizen or a permanent resident of the country (or part of it) in the proposed Region.
 - (ii) A Surfer cannot maintain domicile in two Regions simultaneously. In other words, a Surfer cannot be a bona fide resident of a country or in the case of Hawaii another state of USA, if they appear to maintain their domicile outside of that Region.
 - (iii) A Surfer cannot establish residency by simply moving to another Region. They may overcome this presumption only

by other action which demonstrates their intent to reside permanently in the new Region.

- (c) **What Should a Surfer Do to Apply for Change in Regional Status?** If a Surfer wishes to apply to compete as a member of another Region, they should do the following:
- (i) Read the information in this Rule for guidance as to whether a change to the Surfer's Regional Status is possible.
 - (ii) Contact their current Regional Office, and the new Regional Office that they intend to be considered to be a part of.
 - (iii) Take into account any other requirements of theirs that will be considered for their application to be successful.
 - (iv) Write a written explanation requesting the change of WSL Region, with supporting information referring to the guidance in this Rule and the requirements of the relevant Region, together with evidence of the same.
 - (v) Send the application to the Region you are requesting to be moved to.
- (d) **Who Determines the Success of a Surfer's Application?** The staff at the applicable Region will determine whether a Surfer's application to change the Surfer's Regional Status is accepted, based on the Region's requirements, and any other regulations as determined by the WSL Regional Office. If a Surfer does not agree with a determination relating to their application, they can submit the reasons for such disagreement to the Regional Office, who will make a final determination, in their sole discretion.
- (e) If a surfer changes Regions mid-season, either on Juniors or QS, they will be ineligible for a qualifying position in their new region, until the new season begins. They will, however, be able to get rankings points for the current season.

2.17

Entry Confirmations

- (a) At the closing date of an Event, the accepted Surfers will be informed that they were accepted, and their credit cards charged automatically via MemberPro; provided that a Surfer's credit card will not be charged if an Event is full. If an Event is full, the Surfer will be placed on an Alternates list.
- (b) Surfers who are placed on the Alternates list and who are moved into the Event will have their credit card charged at that time. If the Surfer wishes to be removed from the Alternate list, the Surfer must notify WSL prior to the Event Start Date. For more information, refer to Rule 2.17(c). Once a Surfer has been entered into the Event and they are charged the Entry Fee, refunds are not available.
- (c) Once entry has been confirmed, every Surfer must attend any required pre-Event safety briefing and collect their credentials for the Event.

2.18

Entry Cancellation, Refunds and Medical Certificates

- (a) Subject to Rule 2.18(b), if a Surfer cancels an Event entry after the Event closing date, the Surfer will forfeit the Surfer's Entry Fee for that Event.
- (b) If an injury notification is delivered in writing to the relevant WSL Regional Office seven (7) days before the relevant Event Start Date and a medical certificate is produced that complies with Rule 2.18(e), the Surfer will receive a refund of their Entry Fee less a

\$50 administration fee.

- (c) All cancellations of Event entries after the Event entries have closed must be in writing by email to cancellations@worldsurfleague.com detailing the name of the Event, the reason for cancellation and the Surfer's details.
- (d) If a cancellation of an Event entry is made by a CT Surfer in any Challenger Series Event, the Commissioners Office has the right to replace that Surfer with another CT Surfer if available even though that CT Surfer may not have entered the Event by the Event closing date.
- (e) Medical certificates must be dated and produced no later than forty-eight (48) hours after the respective cancellation of an Event entry or injury notification referred to in Rule 2.18(e). The WSL Tour Director will make the decision on whether the evidence provided is adequate.

 - (b) WSL will facilitate all BW Prize Money payments directly to the BW Surfer's bank account, unless otherwise agreed by WSL.
- 7.05 **BW Competition Area**
- (a) All BW Events will have a buoy in the Competition Area where spare surfboards may be attached prior to the BW Event or when the Head Judge or Office of Tours and Competition permits.
 - (b) Except as otherwise specified in the rules below, when a PWC picks up a BW Surfer (requested, for safety or otherwise), the BW Surfer will be dropped off in a safe area in the Competition Area (as determined by the Head Judge) and which provides no clear advantage to that BW Surfer when beginning their paddle to return to the line-up.
- 7.06 **Non-Attendance in BW Events**
- (a) BW Surfers must attend the BW Events for which they qualify or are invited, and which they agree to attend.
 - (b) The Office of Tours and Competition will consider extenuating circumstances including injury, pregnancy as an exception to this Rule 7.06 (an "**Excused Absence**").
 - (c) A doctor's certificate must be sent notifying WSL as soon as possible of an Excused Absence. The WSL Medical Coordinator has the right to follow up and investigate any information in all of these cases. Any information provided to WSL will be kept confidential.
- 7.07 **Pregnancy:** From when a BW Surfer is pregnant and until their return to competition after the birth of their child, the pregnant BW Surfer must provide written notice of her intention to either compete or not compete in a BW Event. This notice must be provided twenty-one (21) days prior to the start of the BW Season, or, if required during the BW Season, as soon as reasonably practicable, to WSL via the Commissioner's Office. If the BW Surfer confirms they will compete and then prior to the Event Start Date decides not to compete, they will forgo the Prize Money for the Event. A pregnant BW Surfer must check in at the BW Event with a member of the Commissioner's Office or the Tour Representative to receive Prize Money and points for that BW Event. In any circumstance, WSL strongly encourages that any pregnant BW Surfer strictly comply with any medical advice they have received, and any pregnant BW Surfer may be requested to disclose such medical advice to WSL at any time. In addition, if a pregnant BW Surfer advises WSL that she intends to compete in a BW Event, and WSL has concerns for the pregnant BW Surfer's safety, WSL may require the pregnant BW Surfer to provide the proper medical clearance documentation (and, if necessary, submit to an independent medical examination) prior to competing in the BW Event. Details of the pregnancy and any medical advice disclosed will be held in confidence by WSL.

- 7.08 **Concussion:** All BW Surfers shall comply with the terms of any Concussion Protocol adopted by WSL. In addition, after a concussion has occurred in practice or competition, the concussed BW Surfer may not return to competition until the BW Surfer is evaluated and cleared to return to competition by a doctor with expertise in concussion. The BW Surfer must provide the proper medical clearance documentation to WSL prior to competing in an Event. Details of any medical advice disclosed will be held in confidence by WSL.
- 7.09 **Security Passes / Accessible Areas**
- (a) All BW Surfers will be identified for security reasons with credentials specified for the BW Event by WSL.
 - (b) Each BW Surfer shall be provided one (1) guest pass for a member of their Support Staff or family provided the individuals have been approved by WSL. All such persons must comply with WSL Safety Plans.
- 7.10 **WSL Limitation of Liability:** WSL will not be held liable for any reliance (including financial or other commitments made to third parties) a BW Surfer places on notifications (written, verbal or otherwise) from a representative of WSL, including, without limitation, in relation to their qualification to or relegation from competing in a BW Event, or their position as a BW alternate for a particular BW Event. All payments due to a BW Surfer are as set out in the BW Surfer Agreement and WSL shall not be liable for any payments until a BW Surfer has executed such agreement.
- 7.11 **Format:**
- (a) The Nazaré BW Event format is a tow-in surfing event.
 - (b) BW Surfers shall be selected by WSL in its sole discretion.
 - (c) The Nazaré BW Event shall have the following format:
 - (i) Nine (9) teams (each a "Team") with two (2) BW Surfers in each Team.
 - (ii) The Teams shall be selected by WSL in its sole discretion, and may consist of men, women or both.
 - (iii) Each Team in a heat shall be assigned a jersey. WSL shall provide the BW Surfers with jerseys and a BW Surfer is required to wear the provided jersey throughout the Nazaré BW Event (i.e., during surfing as well as while riding on or driving a PWC).
 - (iv) Each BW Surfer participating in a Team can determine the allocation of waves with the BW Surfer's teammate. BW Surfers must communicate with WSL each time there is a change in the BW Surfer who will be surfing.
 - (d) Re-qualification for the following season's event will be decided by WSL in its sole discretion who will decide if teams will be replaced or remain in the following season's event.
- 7.12 **Heats:**
- (a) The nine (9) Teams participating in the Nazaré BW Event shall be divided into three (3) groups: Group A, Group B and Group C, as determined by WSL in its sole discretion. Each Group will have three (3) teams.
 - (b) There will be six (6) heats of forty (40) minutes each during the Nazaré BW Event (subject to Rule 7.11 above). Each group shall participate in two (2) heats as set out below:
 - Heat 1: Group A (Teams 2, 6, 8)

- Heat 2: Group B (Teams 1, 5, 7)
 - Heat 3: Group C (Teams 3, 4, 9)
 - Heat 4: Group A (Teams 2, 6, 8)
 - Heat 5: Group B (Teams 1, 5, 7)
 - Heat 6: Group C (Teams 3, 4, 9)
- (c) During competition any injured athlete and/or athlete unable to compete will not be replaced and the entire team will be required to leave the competition area.
- (d) A Team Captain for each team for the following season will be named by the WSL in its sole discretion.

7.13 **Wave Count**

- (a) There is no limit to how many waves either BW Surfer on a Team may Ride during a single heat or course of the BW Nazaré Event.
- (b) WSL retains the right to extend the total time for the Nazaré BW Event or reduce the number of heats, depending on the conditions at the Nazaré BW Event. As determined by WSL in its sole discretion. WSL shall endeavor in each case to ensure that the total time allocated to each Team is comparable.
- (c) There will be a five (5) minute warning provided to all competing BW Surfers prior to the end of each heat at the Nazaré BW Event.

7.14 **Priority**

- (a) The Nazaré BW Event will utilize three Team Heat Priority which works in the following manner, subject to Rules 11.11 and 11.13(j):
- (b) The first Team to Ride a wave then receives third priority (First Team).
- (c) The remaining two (2) Teams in the heat have priority over the First Team and may attempt to line up any waves without losing their priority until one of them Rides a wave (Second Team).
- (d) Once the Second Team rides a wave, the initial heat priority order is established:
- (i) The Team yet to ride a wave receives first Priority; and
 - (ii) the remaining Teams will receive Priority in the order they return to the Primary Take-Off Zone and effectively become "Ready to Surf".
 - (iii) The Team with first Priority has Priority over both other Teams. The Team with second Priority only has Priority over the Team with third priority.
- (e) A Priority Judge and a Priority system operator will be positioned in a location with a clear view of the break and will allocate Priority during the Nazaré BW Event, which will be communicated to the BW Surfers and their support staff via a visual display board and radio.
- (f) The Team with first Priority shall have the first choice to select any incoming waves. Teams with a lower priority (second or third) may claim any wave that the Team with first Priority has passed on (in the order in which the remaining Priority allocations are posted). Teams with a lower priority may also evaluate any wave a team with a higher Priority is evaluating, as long as they do not interfere with the Priority team's trajectory or, in any way, hinder their scoring potential.
- (g) If a Team with third Priority attempts to line-up but misses a wave they will not lose their Priority position unless (i) the BW Surfer let's go of the rope or (ii) they position themselves outside the Take-Off

Zone for any of the available peaks, as determined by the Priority Judge.

- (h) If a Team with a lower Priority makes a committed effort to line up a wave but has to abandon the wave due to another team with a higher Priority making a committed effort or Riding the same wave, then the team with the lower Priority will not lose it's Priority.
- (i) A wave will be considered selected once a BW Surfer lets go of the tow rope, makes a clear effort to line up a wave, or exclude other Teams from freely catching a wave by blocking their trajectory. Once a wave is selected by a BW Surfer, regardless of whether the BW Surfer Rides the wave, that BW Surfer's Team will move to the last available Priority upon returning to the take-off area.
- (j) Once a Team Rides a wave and recovers the BW Surfer, the team should head back to the "Ready Area" adjacent to the surf zone they wish to compete on (Peak 1, 2 or 3). Priority allocation is based on who the Priority Judge believes has reached the "Ready Area" and effectively became ready to surf first. Once a Team becomes ready they may resume surfing, starting at the last available Priority. In cases where multiple BW Surfers reach the "Ready Area" and become ready to surf at the same time, priority will go to the Surfer who did not have the last priority.
- (k) A team is considered "Ready to surf" once the designated Surfer gets on the Tow Line.
- (l) If a Team is not in one of the "Ready Areas" adjacent to the zone they wish to compete on when the heat starts and arrives late, the Team will be allocated the appropriate priority position as determined by the Priority Judge at the time when the Team reaches the "Ready Area" and becomes "Ready to Surf".
- (m) All BW Surfers are expected to observe customary rules for vessel interference and avoid interfering with other Teams, including minimizing wakes in the paths of the other Teams.
- (n) If priority has been assigned to a Team and one of the members of the team needs medical assistance; there is an equipment malfunction; or a Surfer/Driver swap is initiated, the Team shall no longer be considered "Ready to Surf" and their priority will be suspended. Once the Team becomes "Ready to Surf" again, priority will be reinstated.

7.15 **Priority Interference and Penalties**

- (a) Any Priority interferences will be decided by the Judges, Head Judge and the Priority Judge.
- (b) Interference Penalties will be as follows (refer to Chapter 11 for more detail):
 - 1. Interference Penalty 1: The value of the interfering Surfer's second highest scoring Ride will be halved.
 - 2. Interference Penalty 2: The interfering Surfer's second highest scoring Ride will tally as a zero.
 - 3. Interference Penalty 3: The interfering Surfer's highest scoring Ride will tally as a zero.
 - 4. Disqualification: The Surfer and/or Team will be disqualified from the Heat

- (c) Priority penalties will be communicated to the interfering Team and the other BW Surfers by radio.
- (d) For priority situations when an interference is called on a Team, then Interference Penalty 2 will apply. Notwithstanding the foregoing, if there is an interference (e.g., by dropping in or blocking) that prevents a Team from performing on a potential scoring Ride (i.e., a Ride that the Judges determine could have resulted in one or the Team's two highest scoring Rides) in the final ten (10) minutes of a heat, then Interference Penalty 3 will apply. If a majority of the Judges determine that the interference during the final ten (10) minutes was intentional, the interfering Team will be Disqualified.
- (e) In the event of a collision or near miss between a Team heading back to the lineup and a Team Riding a wave, which adversely impacts the scoring potential for the Team Riding the wave (if the majority of the Judges deem the collision/near miss occurred on a wave with no scoring impact on the current heat result then there is no interference penalty), the following applies:
 - (i) If a Team heading back to the lineup has no ability to remove themselves from the line of a Team Riding a wave, then no there is no interference penalty.
 - (ii) If a Team heading back to the lineup accidentally causes a collision or near miss with the Team Riding a wave, it is up to a majority of the Judges to call an interference penalty. In determining whether to call an interference penalty, the Judges will consider the Team's safety and the Team's positioning/effort to avoid the situation. If an interference penalty is called, Interference Penalty 1 will apply.
 - (iii) If a majority of the Judges determine that the Team heading back to the lineup deliberately caused the collision or near miss with the Team Riding a wave then Interference Penalty 2 will be called on the Team heading back to the lineup.
 - (iv) If a majority of the Judges determine that the Team Riding the wave deliberately caused a collision with a Team heading back to the lineup, then Interference Penalty 2 will be called on the Team Riding the wave. Any such interfering Team will be subject to additional sanctions under Rule 14.02.
- (f) Where any Team incurs two (2) interference penalties, they must immediately leave the Competition Area (failure to do so will result in a penalty in accordance with Chapter 14 of this Rule Book) and:
 - (i) If both interferences are in a non-priority situation, then Interference Penalty 1 will apply to both.
 - (ii) If one interference is in a non-priority situation and the other in a priority situation, regardless of the order, then Interference Penalty 1 will apply to the Team's highest scoring Ride and Interference Penalty 2 will apply to the second highest scoring Ride.
 - (iii) If both interference penalties are in a priority situation, or one of the interference penalties is within the final ten (10) minutes of the heat (See Rule as per 7.15 (b), the Team will be disqualified from the heat.
- (g) If neither Team in an interference situation has established priority over the other Team involved, then Interference Penalty 1 will apply

regardless of whether the other Teams in the heat (not involved in the interference situation) hold priority or not.

- 7.16 **Judging criteria for the Nazaré BW Event:** BW Surfers must perform to the WSL judging key elements to maximize their scoring potential. Judges analyze the following major elements when scoring a Ride in a Nazaré BW Event:

- Commitment
- Degree of Difficulty
- Intensity and size of the wave for the Ride
- Control
- Maneuvers

NOTE: It's important to note that the emphasis of certain elements is contingent upon the location and the conditions on the day, as well as changes to the conditions during the day.

NOTE: The following scale may be used to describe a Ride that is scored:

0–1.9 = Poor; 2.0–4.9 = Fair; 5.0–6.4 = Good; 6.5–7.9 = Very Good; 8.0–10.0 = Excellent

- 7.17 **Nazaré BW Wave Tabulation:** Scores for each Ride will be determined as follows:

- (a) the maximum score will be ten (10) and the minimum score will be zero (0);
- (b) the highest and lowest Judges' scores will be eliminated for each Ride;
- (c) the remaining Judges scores will be totaled and then averaged, to two (2) decimal places;
- (d) a BW Surfer's best score is doubled and added to the BW Surfer's second-best score with the total being the BW Surfer's final score, which will determine the men's and women's Best Individual Performance winner; and
- (e) the final score for each BW Surfer on each Team will be combined, and the team with the highest total score will be the winner of the Award for Best Team Performance.

- 7.18 **Ties:** Where heat scores are tied, the tie will be split by counting each BW Surfer's best counting wave score. If the tie cannot be broken in this manner, then each Surfer's next best wave would be counted until the tie is broken. Should the tie remain despite the above-mentioned procedure, WSL may, in its sole discretion, hold a Surf Off to determine the heat positions or determine that the BW Prize Monies be shared by the BW Surfers.

7.19 **PWC and Team Responsibilities**

- (a) The BW Surfers in Teams shall share the driving duties determined by the Team members at their discretion. The qualified jet ski driver must sign the BW Surfers Agreement, including the relevant WSL Waiver, Release and Indemnity form prior to the start of a BW Event and by the date designated by WSL.
- (b) Each Team must provide a "Spotter" who will be positioned in the Nazaré BW Event tower, who will be the primary communication conduit to the Team via radio on an assigned private channel. The Spotter will be positioned adjacent to the WSL's Head of Competition or its representative, the Priority Judge and the Water Safety Director

and will assist in managing communications to his or her specific Team.

- (c) Each Team must provide a qualified jet ski driver, who will be a dedicated safety person for the Team. For the avoidance of doubt, multiple Teams can use the same qualified jet ski driver as their dedicated safety person.
- (d) Each Team shall be responsible for the provision, storage, rigging, fuel and maintenance of their PWC and safety equipment.
- (e) WSL shall provide a waterproof radio for use during the Nazaré BW Event to each Team who requires a radio and requests the same in advance of the Nazaré BW Event.
- (f) All BW Surfers shall be solely responsible for their own surfing equipment, wetsuits, and personal flotation devices.
- (g) All BW Surfers (and jet ski drivers) must wear a personal flotation device during the Nazare BW Event.
- (h) Each Team shall be responsible for their own replacement PWC in case of damage or break down to their PWC's in competition. WSL will also provide designated replacement PWC's located at the Beach Marshal vessel area if required.

CHAPTER 8: WAVE SYSTEM (“WS”) EVENT RULES

In advance of any Event conducted in a WS, the WSL Commissioners Office will provide the rules and format for the Event to the Surfers competing in the Event at least fourteen (14) days prior to the start of the Event.

CHAPTER 9: INTENTIONALLY DELETED

CHAPTER 10: COMPETITION RULES

The rules in this Chapter are applicable to all Events unless specifically stated otherwise in this Chapter or a rule directly conflicts with this Chapter, in which case, the conflicting rule in its respective Chapter will apply.

- 10.01 **The "Call":** For CT Events and non-CT Events where a representative of the Commissioner's Office or (for the non-CT Events) WSL Tour representative attends in their official capacity:
- (a) In relation to competition proceeding, the waves must be considered contestable in size and shape. The Commissioner's Office (for the CT), Tour Representative (for the non-CT) (or designated representative) will make the final decision (i.e., the **"Call"**) in consultation with the Head Judge and CT Surfer Representative(s), which decision will take place in a private area with only these three (3) parties in attendance.
 - (b) If conditions are deemed contestable for both men and women in accordance with Rule 10.01(a) and both men's and women's Surfer Representative cannot agree as to whether the men or women will compete first, the Commissioner's Office, WSL Tour representative (or designated representative) will make the final decision in consultation with the Head Judge.
 - (c) Where Rule 10.01(a) and (b) does not apply:
 - (i) In relation to the competition proceeding, the waves must be considered contestable in size and shape in the opinion of the majority of the Surfer Representative, Head Judge and Commissioner's Representative or WSL Tour representative. This decision is to take place in a private area with only the three (3) parties mentioned above involved. The Surfers Representative is to be determined by the remaining Surfers in the Event provided their heat is not the first heat to continue after the call. For a combined Event, the Commissioner's Representative, or WSL Tour representative and men's and women's Surfer Representatives and Head Judge will meet to make the call.
 - (ii) If conditions are deemed contestable for both men and women in accordance with Rule 10.01(c)(i) and both men's and women's Surfer Representative cannot agree as to whether the men or women will compete first, the Commissioner's Representative or WSL Tour representative will make the final decision in consultation with the Head Judge.
 - (d) The Commissioner or WSL Tour representative (or representative of either) or Head Judge can call the Event "off" during a heat if no waves are ridden and conditions deteriorate rapidly or unexpectedly.
- 10.02 **Heat Times**
- (a) For heat times of all WSL Events, please refer to Rule 2.08.
 - (b) Variations to heat times in CT Events and QS/Challenger Series Events may be allowed in cases where there may be insufficient time to finish an Event. The Commissioner's Representative or WSL Tour representative and Head Judge will decide this at the relevant time.
 - (c) WSL timing devices and methods must be used at all WSL Events. The Head Judge will officiate timing of all heats.
 - (d) Under no circumstance will there be any time extensions once a heat has started. If a heat is interrupted for any reason it will be stopped by

the Head Judge and will be resumed when all Surfers are in as near as possible the same position at the time the heat was stopped and will run for the remainder of the originally set period. If in a Priority situation, Surfers retain their Priority position. Notwithstanding the foregoing, if the Head Judge in their sole discretion determines no Surfer had a definite advantage at the time of cancellation or altered conditions make it impossible for the Judges to keep the same scale, the entire heat may be re-run.

- (e) If no Surfers have had a Ride after ten (10) minutes have passed in any heat of thirty (30) minutes or less or Event finals, the Head Judge may: (a) continue, with the Priority situation maintained; (b) restart, with the Priority situation continuing if it had been established; or (c) postpone and re-run the heat in their sole discretion taking into account all circumstances.
- (f) If no Surfers have had a Ride after fifteen (15) minutes have passed in any heat of thirty-five (35) minutes or more (except for Event finals), the Head Judge may: (a) continue with the Priority situation maintained; (b) restart, with the Priority situation continuing if it had been established; or (c) postpone and re-run the heat in their sole discretion taking into account all circumstances.
- (g) For heat restarts, a five second count down followed by a single siren or horn blast at the established heat restart time will indicate the automatic restart of the heat. If a Surfer is paddling for a wave and attempting to stand up during the countdown and their hands leave the rail before the start of the siren or horn sound, the heat will continue to run from its original time and no restart will be given even if the siren or horn blows. Beach announcer will give a time call as soon as possible to keep Surfers informed.
- (h) The Commissioner's Representative or the WSL Tours representative, in conjunction with the Head Judge. Head Judge may declare that there will be no heat restarts for an Event prior to any Event starting due to time restrictions.
- (i) the Head Judge may declare that there will be no restart for a heat if in the Head Judge's reasonable opinion and after consulting the judging panel, the Head Judge determines that the Surfers in the heat have been missing or letting waves with score potential go by or if the Surfers in the heat have been putting themselves out of position in the lineup and missing waves with scoring opportunities.
- (j) If the Beach Marshall tells Surfers in a heat the wrong heat time, then the following shall occur:
 - (i) If actual heat time is shorter than the time told by the Beach Marshall, there will be a restart at a later time for the remaining time period with all Surfers starting from the line-up.
 - (ii) If actual heat time is longer than told by the Beach Marshall, the heat will run through to the end of the actual set time by the Head Judge.
- (k) For non-CT Events, the WSL Tour Representative is the only person who can give the exact schedule of Events, however information provided on the Event's official notice board by them or by the Beach Marshall will be considered official. If any other employee of the Event or WSL is asked, and wrong information is received, subsequently missing a heat or some other problem, then the Surfer has no right to

protest. If the WSL Tour Representative gives wrong information and a Surfer subsequently misses a heat, then a re-surf must occur. The WSL Tour Representative may also at their discretion hold a Surfer's heat at an unscheduled time if they determine the Surfer has a legitimate excuse to warrant such an action. For CT Events, the role described above will be the responsibility of the Office of Tours and Competition.

- (l) The Event licensee must provide an official notice board where the daily schedule is posted for all the Surfers to view at any time.

10.03 **Heat Start & Finish**

- (a) All Surfers must remain in any designated marshalling area prior to the heat start if informed to do so. The marshalling area will be determined by the Head Judge.
 - (b) Siren or horn blasts must be used to start and finish heats with one (1) blast to start and two (2) blasts to finish. Exception to Overlapping format heats (refer to rule 10.03 (j) (i, ii).
- (c) A five (5)-minute visual warning as described in Rule 10.03(d) and a PA warning is to be given prior to the finish of the heat.
- (d) For the timing disc system, a large disc system must also be used with a green side to indicate the heat has started (visual warning) and a yellow or orange (orange for those Events wishing to use yellow as a vest color) to indicate to the Surfers there is less than last five (5) minutes left in the heat. At events with an LED priority board, the visual time warning system will be displayed by a colored light on top of the priority board. Green light indicates the heat has started, yellow or orange lights indicate 5 minutes remaining and red light or NO light indicates that the heat is finished. Exception when in Overlapping format.
- (e) The commentator must give a five (5)-second countdown at the start and at the end of each heat and when the countdown reaches zero the siren must sound and the heat must start or end immediately. The official start and end of the heat is at the start of the first siren or horn blast.
 - (f) The timing disc must be in neutral position and / or the light indicating the time at the LED board must turn off or turn red when the countdown reaches zero at the end of the heat. Exception when in Overlapping format.
- (f) At the end of the heat, Surfers must return to the beach in a prone position. A Surfer can be penalized at the Head Judge's discretion if the Surfer rides a wave during the next heat. In addition, any Surfer who remains in the Competition Area during the next heat and does not make every effort to return to the beach can also be penalized in accordance with this Rule Book.
- (g) At the end of and during the heat, the Surfer must be clearly in possession of the wave on the wave face, making a movement to stand, their hands having left the rails (rail grabs excluded) for the wave to be scored. No waves are to be scored by the judging panel if a Surfer's hands have left the rails by the time the siren first starts at the beginning of the heat or if, before the time the first of the two sirens starts for the end of the heat, the Surfer's hands haven't left the

rails.

- (h) In case of a sound, siren or horn failure or malfunction to start or to end a heat, the time will be determined by the Head Judge official timer. The Head Judge will consult the judging panel and the spotters of the heat to decide if a wave is to be scored or not.
- (i) A Surfer must not Ride a wave in the Competition Area prior to the start of their heat or the Ride will not be scored and a fine per wave may be imposed. If in a Priority situation, their opponent(s) will automatically gain Priority, unless on official hold.
- (j) Time delay between heats once the Surfers in the heat have paddled out can vary but must be no more than two (2) minutes unless due to unforeseen circumstances or if the overlapping heat format is being used.
 - (i) If overlapping format is in use there is no time gap in between heats unless officially on hold.
 - (ii) Overlapping heats are designed to run continually. Only the initial heat of the planned sequence will have a single countdown followed by a single horn blast to the start. At the end of the initial heat there will be a countdown to finish and the same countdown will indicate the start of the next heat. Only the last heat of the planned sequence will have two horn blasts to indicate the end of the heat.
 - (iii) All situations from rule 10.03 (h) apply to overlapping format heats.
- (k) At five (5) minutes before the start of competition, Surfers will be warned that they must leave the Competition Area. At the two (2)-minute warning, any Surfer still in the Competition Area who is not making a concerted effort to paddle to the beach will be fined in accordance with Rule 14.12.
- (l) For finals Events, it will be recommended that the heat be started once a set has reached the Competition Area.

10.04

Heat Interruptions

- (a) In the Event of any heat having to be stopped by extreme danger or by unforeseen circumstances (e.g. lack of visibility due fog or heavy rain, etc.), as decided by the Head Judge and Commissioner's office (or their designated representative) at CT Events or the WSL Tour Representative at non-CT Events, the following procedures are to be adopted:
 - (i) Head Judge to stop heat and start continuous horn blasts and moving of the timing disc/light system to off position.
 - (ii) If available, communicate with jet skis drivers to remove Surfers from the Competition Area to safety in accordance with the WSL PWC safety management plan and Chapter 12 of this Rule Book.
 - (iii) When it is determined by the same people or person who stopped the heat that conditions are again safe and circumstances are manageable, the heat will restart with the time left from when the heat was stopped unless the Head Judge deems that conditions have changed or that fair competition between the Surfers would be compromised. In these situations, the heat will restart for the full time period.
- (b) If a Surfer feels they are in danger due to shark or similar risk of animal attack and they leave the water, the Head Judge must stop the heat and use the procedure in this Rule 10.04 to warn fellow heat

Surfers even if the Head Judge cannot see the danger.

- (c) Where an incident occurs that deems a heat may be re-surfed in accordance with a Rule of this Rule Book, the heat will be called as “under review.” The relevant Surfers (as determined by the Head Judge) will be notified immediately and should a re-surf be declared, the results earned in the heat that caused the re-surf will be substituted by the re-surf heat results for official purposes.
- (d) Where unforeseen circumstances occur relating to a heat, the Commissioner’s Representative(CT Events) or WSL Tour Representative (non-CT Events) will consult with the Head Judge to determine a resolution, which may include a re-surf of the heat.
- (e) In CT Events only, the Head Judge can suspend a heat (indicated by a single horn blast) at any time to review an incident that may affect the current heat situation. Upon completion of the review and a decision being made, the heat can either;
 - (i) Continue from the time it was suspended; or
 - (ii) Restart if the incident was deemed to affect the current heat situation.

The Head Judge will consult with the Commissioner’s Office or others deemed relevant by the Head Judge at the time, and Surfers will be notified of (i) or (ii) by beach commentators.

- (f) In the event of a sound system failure, the heat can be placed on hold at the discretion of the Head Judge, who will communicate with the water safety team to inform Surfers of the situation. The Head Judge will decide in its discretion whether to restart or recommence a heat once a heat has been placed on hold.

10.05 Wave Tabulation: Heat tabulation for all WSL Events:

- (a) the high and low Judges’ scores are eliminated for each wave;
- (b) then the average of the remaining Judges’ scores totaled will be determined out of ten (10), to two (2) decimal places; and
- (c) at the end of the heat a Surfer’s two (2) best counting Rides are totaled for such Surfer’s heat score.

10.06 Ties: Where heat scores are tied, the tie will be split by:

- (a) counting each Surfer’s best counting wave score;
- (b) if the tie cannot be broken in this manner, the Tabulator would then compare each Surfer’s next best wave until the tie is broken; and
- (c) if the tie can’t be broken after the foregoing, the Surfers will participate in a Surf Off unless the tie is to zero, then the advancing procedure to the next round will be per their seeding. Notwithstanding the foregoing, the Commissioner’s Representative (CT Events) or WSL Tour Representative(non-CT Events) will have discretion to re-surf the heat where the Head Judge determines there were no rideable waves.

10.07 Protests: Judges’ decisions in Events that involve judgment, such as, but not limited to, the score for a Ride, are final. No Surfer may protest any such judgment decisions. If there is a reasonable belief that a Judge’s decision in an Event conflicts with the rules in this Rule Book, a Surfer may appeal the decision and ask that a correct ruling be made. The process for lodging a protest is as follows.

- (a) For CT Events, a Surfer must contact the Commissioner’s Office and follow the heat review process steps set out below. The Commissioner’s Office or WSL Tours Representative will arrange time and place for the Surfer to review the matter under protest with the Head Judge. The Head Judge will discuss the matter under protest with the Surfer for up to thirty

(30) minutes. The Head Judge will then consider the matter under protest and render a final decision. There will be no further review of the matter under protest.

(b) For CS, QS, WLT, LQS, WJC, and Regional Junior Series Events:

- (i) A Surfer must fill out a protest sheet, which is available from the Beach Marshal.
- (ii) A Surfer must return the completed protest sheet to the Beach Marshal.
- (iii) The Beach Marshal will provide the protest sheet to the Head Judge.
- (iv) During the Review Meeting, the Head Judge and a WSL Representative must be present. The Surfer is permitted to bring their coach/manager and if underage, must have a guardian present. The Head Judge will discuss the matter under protest with the Surfer at the end of the day for up to thirty (30) minutes.
- (v) The Head Judge will then consider the matter under protest and render a final decision. There will be no further review of the matter under protest.

The appeal process herein is the manner in which Surfers may or will dispute judging decisions, and each Surfer shall not publicly dispute or otherwise disparage any judgment decisions.

10.08

Announcements

- (a) Beach commentators can never announce approaching sets.
- (b) The Head Judge and the Priority Judge have the right to override sound blackouts while television crews etc. are doing interviews and can tell the beach commentators to make timing and situation calls during their interviews. It is imperative that Events provide interview areas in low sound locations (and, in any event, beach interviews should not be conducted near speakers). Communication with the Surfers in the water and compliance with this Rule Book always has Priority.
- (c) During a heat, the beach commentator should not announce the Surfers' scores or standard of Ride until all the Judges' scores are entered into the system.
- (d) Scores and heat situation must be announced throughout the entire heat.
- (e) If the beach commentator gives a score and it is wrong due to either Judges entering an incorrect score or the commentator giving the wrong score, the Surfers will have no right to protest.
- (f) If any Surfer requires information from the water during a heat they must use hand signals as described below:
 - (i) Scores or heat situation (last score, heat score, score needed to win, etc.) is one arm straight directly above the Surfer's head.
 - (ii) Time remaining is one hand touching another above the head.
 - (iii) Priority is both arms above the head.

10.09

Surfer Caddy Rules

- (a) A Surfer must register their Caddy with the Beach Marshal prior to receiving their competition jersey and such Caddy must not be subject to any current discipline or order of WSL.
- (b) A Surfer's Caddy (one (1) per Surfer maximum) may enter the water once a board is lost or broken unless in surf conditions where water Caddies are not being allowed.
- (c) Water Caddies may enter the water in a defined marshalling area if

the Head Judge deems appropriate.

- (d) If the Caddy (1) rides a wave or (2) interferes with the other Surfers in any way, in the opinion of the judging panel, the Surfer for whom they are caddying will be fined per wave. An interference penalty will also be levied on the Surfer for whom they are caddying.
- (e) All Caddies are subject to this Rule Book just as the Surfer they represent is, which may be enforced on the Surfer if the Caddy fails to comply with this Rule Book.
- (f) Surfers may only use replacement surfboards carried by their own Caddy once their heat has started.
- (g) Any use of any equipment other than a surfboard (e.g., inflatable boats, water patrols' boards or jet skis, photographers' craft or previous or current heat Surfers' or other Caddies' surfboards) will be deemed an interference if the Surfer, after using one of them, re-enters the Competition Area and Rides an extra wave, or interferes with any other Surfer by paddling or positioning. Notwithstanding the foregoing, if the water patrol determines that a Surfer is in a life-threatening situation, the water patrol may remove the Surfer from the impact zone and place the Surfer in a safe place, no closer to the Primary Take-Off Zone, from where the Surfer may continue their heat.
- (h) Caddies who have passed on their board to the Surfer they are caddying for can obtain use of the PWC, if being used and available, to transport them to a lost surfboard or the beach. If they are taken to the lost surfboard, they can transport it back to the marshalling area; however, if they are transported to the beach, they must paddle back to the defined marshalling area for Caddies.
- (i) If a Surfer has elected to have no Caddy, then they must return to the beach or boat holding their extra surfboards to make the changeover.
- (j) Surfers must make their own way back to the Primary Take-Off Zone under their own power, without assistance in any way other than as permitted by a PWC within this Rule Book.
- (k) The Head Judge may set parameters at the beginning of an Event for all Caddies to adhere to strictly in relation to the behavior and this Rule Book.

10.10 **Electronic Coaching.** Surfers are prohibited from receiving electronic communication in the Competition Area from any source outside of the WSL or WSL Tour Representative.

10.11 **Approved Equipment**

- (a) At all times, the Office of Tours and Competition will have the right to require Surfers to use equipment specified by the Office of Tours and Competition whether for safety or other reasons. Notwithstanding the foregoing, (i) the Office of Tours and Competition will not have the right to require the use of a specified brand of surfboard, leash or traction pad and (ii) for the CT, any such requirement shall be subject to the terms of the Athlete Agreement. At all times, fair competition and the best interests of the sport will be the Priority.
- (b) Subject to Rule 10.11(d), the Commissioner's Representative or WSL Tour Representative at Events, after consulting the Head Judge, may in their discretion declare a Surfer ineligible to be scored or their scores/results forfeited if the instructions relating to equipment being used are not followed by a Surfer.
- (c) For CT Events, the WSL App and the related wearable technology will

be official equipment of the WSL. Subject to the exceptions set forth in the Athlete Agreement, Surfers will be required to use the WSL App in the water (i.e., in competition) at all CT Events in which the WSL App is available for use. The WSL App is an additional tool to aid Surfers in their heat. In the event of a conflict between the heat information (i.e., (1) Priority, (2) remaining time in the heat, (3) wave scores, and (4) points needed to advance) provided by the LED system or the beach announcer and the WSL App, the LED system/beach commentator will take precedence over the WSL App. The failure of the WSL App to work during a heat will not affect the results of that heat.

- (d) Surfers may be denied the ability to use certain equipment while competing in Events (i.e., no SUPs, no soft top boards paddles or surf skis) by the Commissioner's Office or WSL Tour Representative.

10.12 **Failure to Compete:** In non-CT Events where Surfers refuse to compete, even though the majority of the Head Judge, WSL Tour Representative and Surfer Representative has agreed competition will continue, a penalty will be issued to such Surfers in accordance with Chapter 14. If no Surfers compete, then the highest seed will advance. The heat is to run as scheduled with or without the Surfers in the water.

10.13 **Competition Attire**

- (a) Under no circumstances can a Surfer be forced to wear any attire while competing or in award ceremonies other than the competition jersey.
- (b) Surfers will wear the competition jersey provided by WSL until returned to the Beach Marshall at the completion of the heat. Surfers must wear the competition jersey during post-heat interviews and during the awards presentation.
- (c) The covering of the competition jersey by national flags, towels, etc. during post-heat interviews or during the awards presentation is not allowed.
- (d) Surfers may not bring their surfboard onto the awards presentation stage.
- (e) All Surfer sponsorships must be tasteful and in accordance with standards of decorum expected of professional Surfers. Sponsorships that may reflect adversely upon the image and reputation of the WSL, cast the WSL in an unfavorable light, insult or offend the community or any group within the community or be viewed as hateful, abusive, obscene or divisive, as reasonably determined by the WSL, are prohibited.
- (f) All names, brands, logos and other marks and identifiers on a Surfer's apparel, headwear, and surfboard must be in good taste as to size, location and quantity, as reasonably determined by the WSL
- (g) All sponsorships of products that are illegal are prohibited.
- (h) All sponsorships of tobacco, drugs that are prohibited under WADA, weapons, and adult products are prohibited.
- (i) All sponsorships of gambling companies and products are prohibited without the prior written consent of the WSL (i.e., such sponsorships will be reviewed by WSL on a case-by-case basis upon the request of a Surfer).
- (j) Wetsuits may not contain the branding for any company other than the company that manufactured the wetsuit; provided that the company is a **Consumer Wetsuit Company**. The only exception to this Rule will

be for an apparel company that arranges for the manufacture of a wetsuit for the Surfer by a third party. In which case, the branding of only that apparel company may be included on the wetsuit as follows:

- (1) branding on the left OR right chest - no bigger than 2" x 2", AND
- (2) branding on the left OR right shoulder - no bigger than 2" x 2" AND
- (3) branding on the left OR right calf - no bigger than 2" x 2" (i.e., three brand locations).

The branding on all wetsuits and bathing suits of any Consumer Wetsuit Company that are worn in competition must be consistent as to size, number and location as the branding wetsuits and bathing suits that are available for sale to the general public; provided that wetsuits and bathing suits that contain special branding of the Consumer Wetsuit Company for the Surfer that are visible outside the competition jersey are permitted if they are in good taste as to size, location and quantity, as reasonably determined by the WSL.

- (k) Surfers may not bring their surfboard onto the awards QS2000.
- (l) Surfers may not hold their surfboards in post -heat interviews. WSL will make a surfboard stand available directly next to the post -heat interview backdrop and Surfers may place their boards in the stand and WSL will ensure that the surfboards are shown on the broadcast.
- (m) Surfers may wear a wetsuit/board shorts, footwear, sunglasses and/or watch provided to them by their apparel, equipment and/or accessories sponsor bearing the branding of the sponsor on the awards presentation stage; provided that such items are a bona fide part of the business of such sponsor. Surfers may also wear on the awards presentation stage a cap or other headwear (and/or carry a drink bottle) bearing the branding of a personal sponsor, if approved by WSL (which may be withheld).

10.14 **Additional Event Obligations**

- (a) All functions, meetings, etc. are to be held near the Event Site and at a reasonable time.
- (b) All Events must supply trophies for at least all finalists in each Event.
- (c) All Beach Marshals must be English speaking.
- (d) Scoreboards - If electronic scoreboards are used, the guidelines set by the Office of Tours and Competition must be adhered to.
- (e) Event Areas
 - (i) All Event site areas are to be non-smoking.
 - (ii) No alcohol is to be consumed in the Surfers' area or outside of the designated VIP bar area (if any) during competition.
 - (iii) All Events must have a well-secured sizeable Surfers' area with storage and an area to prepare for heats that has a view of the Competition Area. Sufficient free drinking water must be provided for the maximum capacity of the Surfer's area. Food must be available in or around the Event site.
 - (iv) The Surfer's area will be available for Surfers and one (1) member of their Support Staff.
 - (v) Surfers are held responsible for their Support Staff 's behavior.
 - (vi) Events must make every reasonable effort to clear the Competition Area one (1) hour before competition starts for use by Surfers only.
 - (vii) Parking passes should be made available to all CT Surfers at CT Events and at least the top sixteen (16) men seeds and Top eight (8) women seeds at all non-CT Events.

- (viii) All WSL Events must provide adequate accommodation as decided by the WSL (one (1) person per room in accommodation near the Event site) for the WSL selected staff for the duration of the Event. The WSL Tour Representative (or the Commissioner's Office at CT Events) is to be directly involved in the selection and approval of accommodations for WSL traveling staff. If, after consultation with the contest, accommodation is not in compliance with WSL guidelines, in the judgment of the WSL Tour Director, WSL staff will attempt to find adequate accommodation in accordance with the relevant WSL Event Planner, which will be charged to the Event. Accommodation details, including hotel name, address, phone numbers, etc. must be provided to the relevant WSL Regional Office at least one (1) month prior to the Event start.
 - (ix) WSL will fine Event licensees if obligations under this Rule Book are not fully complied with. Any fines imposed must be paid upon WSL's demand and prior to any further license being provided to the Event licensee. Any future Event will not be placed on any future schedule of Events until any outstanding fine is paid in full.
- 10.15 **Water Photographers:** Guidelines for water photographers are as follows:
- (a) Only WSL authorized water photographers are permitted in the water at WSL Events. Authority and access for water photographers at CT Events will be provided by WSL. Authority and access for water photographers at non-CT Events will be provided by the Surfing Director.
 - (b) A maximum of two (2) water photographers are permitted in the line-up during any heat at WSL Events.
 - (c) Water photographers' movement within the Competition Area will be controlled by the Head Judge, who has the ability to order their removal at their sole discretion.
- 10.16 **Double Banks:** For double banks to be used during an Event, the Commissioner's Office (for CT Events) or WSL Tour Representative (non-CT Events), Head Judge and a Surfer Representative must agree that it is required to finish the Event in time and:
- (a) a "no competition zone" of at least one hundred (100) meters between the two (2) banks must exist; and
 - (b) a minimum three (3) Judge panel (with all Judges scores counting towards the final average) to be used.
- 10.17 **Time Extensions to Non-CT Events:** Time extensions to any non-CT Event will only be allowed if approved by WSL and the majority of Surfers still in the competition agree. The Event is responsible for paying all the Surfers' reasonable costs because of extending the time period. Surfer(s) unable to remain will receive points and the Prize Money equivalent to the round they have reached.
- 10.18 **Non-CT Event Cancellation or Postponement (other than due to Force Majeure or Lack of Competitive Surf):** If an Event licensee of a non-CT Event changes and/or cancels its dates within sixty (60) days of the original scheduled Event start date, then the Event licensee (not WSL) will be responsible to cover all costs incurred which are unavoidable. This includes costs for the Surfers, officials and WSL staff rescheduling or canceling each of their flights and accommodation.
- 10.19 **Non-CT Event Cancellation or Postponement Due to Force Majeure or Lack of Competitive Surf**

- (a) Without affecting any Force Majeure clause in a relevant WSL Event license agreement, if an Event is canceled due to Force Majeure or Lack of Competitive surf, the following is applicable:
 - (i) If Competition has NOT commenced – Postponement for any reason: (i) no Prize Money will be paid to Surfers; and (ii) all Surfers who have paid an entry fee will not have that entry fee refunded.
 - (ii) If Competition has NOT commenced – Cancellation for Force Majeure or Lack of Surf: (i) all Surfers who have paid an entry fee and are not guaranteed Prize Money will have their entry fee refunded; and (ii) seeded Surfers, who have paid an entry fee and are guaranteed Prize Money will receive the greater of (x) minimum Prize Money (y) their entry fee.
 - (iii) If Competition has commenced but the first Prize Money heat has not started – Cancellation for Force Majeure or Lack of Surf: (i) Surfers will receive the points applicable to their result at that time; (ii) surfers who have competed and lost receive no refund of their entry fee; (iii) Surfers who are still competing but not guaranteed Prize Money will have their entry fee refunded; and (iv) seeded Surfers who have paid an entry fee and are guaranteed Prize Money will receive the greater of (x) minimum Prize Money (y) their entry fee.
 - (iv) If Competition has commenced but the Prize Money Round is not completed – Cancellation for Force Majeure or Lack of Surf: (i) Advancing Surfers will receive the points applicable to the last non-advancing place in the uncompleted round. Prize Money, however, shall be applicable to the following round; (ii) non-advancing Surfers, who have already lost shall receive points and Prize Money applicable to that round; (iii) non-advancing Surfers, who have not competed shall receive points for the last non-advancing place in the uncompleted round and the Prize Money from that round.
 - (v) If the Event is canceled due to Force Majeure of Lack of Surf after a Prize Money Round is completed, all Surfers still in the Event will receive points for the minimum placing in the round they advanced to.

10.20 Death or Disablement of a Surfer at an Event: If a Surfer dies (not in competition) or becomes disabled at an Event, WSL will hold a meeting consulting all remaining Surfers in the Event and a decision will be made by the Commissioner's Office or WSL Tour Representative (or their representative) on whether the Event will continue or be canceled. If a Surfer dies while competing during a heat, the Event will be canceled and the same would be considered a Force Majeure Event. If the Event is canceled, Rule 10.19 will apply as applicable.

10.21 Transgender Athlete Policy. As an Olympic sport, and with aspirations for all of WSL's disciplines to be included in the Olympics, the WSL has adopted the International Surfing Association (ISA) policy on transgender participation (the "**ISA Transgender Policy**"). The eligibility of a Surfer to compete either in a men's or women's Event under this Rule shall be subject to compliance with the ISA Transgender Policy.

CHAPTER 11: PRIORITY RULES & INTERFERENCE

11.01 **Application of Priority Rules & Interference**

- (a) The Rules in this Chapter are applicable to all WSL Events unless specifically stated otherwise in another Chapter.
- (b) An interference penalty can only be called if a majority of the judging panel mark an interference on their Judge's Sheet.
- (c) The Head Judge will be able to call an interference penalty if a majority decision could not be reached (taking into account Judges who did not see it and cannot vote on the call).
- (d) Where unforeseen circumstances occur with respect to competition, including relating to Priority and timing, a resolution, which may include a re-surf, will be determined by;
 - (i) At CT events: The Head Judge and/or Commissioner's Office will consult with any relevant people at their discretion.
 - (ii) At Non-CT events: The Head Judge will consult with the WSL Tour Representative or other relevant people at their discretion.

11.02 **Overlapping Heats:** When Overlapping Heats are being conducted at an Event:

- (a) Two (2) Surfer Priority rules will apply to each individual heat. Priority will be displayed and announced separately for each heat.
- (b) The Surfers in the heat that started first ("**First Heat**") have unconditional Priority over the Surfers in the other heat ("**Second Heat**"), no matter where they are in relation to the Line-up.
- (c) Interference penalties will apply to each individual heat and to any Surfer who interferes with either of the Surfers in the other heat.
- (d) If there is deliberate unsportsmanlike interference by any Surfer with either of the Surfers in the other heat, the Judges can call an interference penalty against the interfering Surfer even if the Surfer has unconditional priority. If the Judges call an interference penalty, they will take into consideration the circumstances described in rules 11.17(b), 11.18, 11.19 and 11.20 to determine what Penalty to apply.
- (e) If a Surfer with Priority in the Second Heat paddles alongside a Surfer in the First Heat who then catches the wave, the Second Heat Surfer will not lose their Priority.
- (f) There will be no restarts under Rule 10.02(e) and (f).

Non-Priority Rules

11.03 **Right of Way in Non-Priority Situations**

- (a) For non-Priority situations, the Surfer deemed to have the inside position for a wave has unconditional right of way for the entire duration of that Ride. An interference penalty will be called if during that Ride a majority of Judges determine that a Surfer has hindered the scoring potential of the Surfer with the right of way for the wave. Examples of interference include excessive hassling and leash pulling. If the Judges call an interference penalty, Interference Penalty 1 will apply.
- (b) The choice of right-of-way criteria for each of the situations described within Rules regarding "Right of Way in Non-Priority Situations" is the responsibility of the Head Judge or the most senior available WSL Judge in that order.
- (c) Right of way in these situations will vary slightly under the following categories as determined by the nature of the contest venue.

Basically, it is the responsibility of each Judge to determine which Surfer has the inside position based on whether the wave is a superior right or left, but never on which Surfer is first to their feet with the exception of Rule 11.06(a).

- 11.04 **Point Break:** When there is only one available direction on any given wave, the Surfer on the inside shall have unconditional right of way for the entire duration of that wave.
- 11.05 **Reef or Beach Break – One Peak Situation:**
- (a) If there is a single well-defined peak with both a left and a right available, at the initial point of take-off and neither the right or left can be deemed superior then the right of way will go to the first Surfer who makes a definite turn in their chosen direction (by making an obvious right or left turn). A second Surfer may go in the opposite direction on the same wave without incurring a penalty, provided they do not interfere with the first Surfer who has established right of way (i.e., they may not cross the path of the first Surfer in order to gain the opposite side of the peak unless, in the majority of Judges opinion, they do so without hindering the inside Surfer).
 - (b) If neither Surfer can make a definite turn to their chosen direction and collide or hinder one another, both Surfers will be subjected to an interference penalty 1.
- 11.06 **Reef or Beach Break – Multiple Peak Situations:** With multiple random peaks, the right of way may vary slightly according to the nature of an individual wave.
- (a) With two (2) peaks, there will be cases where one (1) swell will have two (2) separate, defined peaks far apart that eventually meet at some point. Although two (2) Surfers may each have inside position on those respective peaks, the Surfer who is first to their feet shall be deemed to have the right of way and the second Surfer must give way by cutting back or kicking out before hindering the right of way Surfer.
 - (b) If two (2) Surfers stand at the same time on two (2) separate peaks that eventually meet, then:
 - (i) If they both give way by cutting back or kicking out, so that neither is hindered, there will be no penalty.
 - (ii) If they collide or hinder one another, a Surfer will be penalized by the Judges if either or both indicate aggression at the point of hindrance. If an interference penalty is called, Interference Penalty 1 will apply.
 - (iii) If neither Surfer gives way by exiting the Ride and both share responsibility for the confrontation, then both Surfers will receive Interference Penalty 1.
- 11.07 **"Snaking"**
- (a) The Surfer who is farthest inside at the initial point of take-off and has established the right of way is entitled to that wave for the duration of their Ride, even though another Surfer may subsequently take off behind them. The Judges will not penalize the Surfer because they have right of way even though they are in front.
 - (b) If the second Surfer has not hindered the original Surfer with right of way, then the Judges may choose not to penalize them and will score both Surfers' Rides.
 - (c) If in the opinion of the Judges, the second Surfer has interfered with (snaked) the original Surfer with right of way, by causing them to pull

out or lose the wave, then an interference penalty may be called on the second Surfer, even though they were behind the first when the penalty was called. If an interference penalty is called, Interference Penalty 1 will apply.

11.08

Paddling Interference

- (a) A Surfer paddling for the same wave should not excessively hinder another Surfer who has inside position.
- (b) An interference penalty may be called if:
 - (i) The violating Surfer makes contact with the inside Surfer, or physically blocks the inside Surfer, hindering them and resulting in the Surfer having to change their line while paddling to catch the wave causing possible loss of scoring potential.
 - (ii) The violating Surfer obviously causes a section to break down in front of the inside Surfer which would not normally have done so causing loss of scoring potential.
 - (iii) If an interference penalty is called, Interference Penalty 1 will apply.
- (c) In the event of a collision or near miss between a Surfer paddling out and a Surfer Riding a wave, which adversely impacts the scoring potential for the Surfer Riding the wave (if the majority of the Judges deem the collision/near miss occurred on a wave with no scoring impact on the current heat result then there is no interference penalty), the following applies:
 - (i) If a Surfer paddling out has no ability to remove themselves from the line of a Surfer Riding a wave, then there is no interference penalty.
 - (ii) If a Surfer paddling out accidentally causes a collision or near miss with the Surfer Riding a wave, it is up to a majority of the Judges to call an interference penalty. In determining whether to call an interference penalty, the Judges will consider the Surfer's safety and the Surfer's positioning/effort to avoid the situation. If an interference penalty is called, Interference Penalty 1 will apply.
 - (iii) If a majority of the Judges determine that the Surfer paddling out deliberately caused the collision or near miss with the Surfer Riding a wave then Interference Penalty 2 will be called on the Surfer paddling out.
 - (iv) If a majority of the Judges determine that the Surfer Riding the wave deliberately caused a collision with a Surfer paddling out, then Interference Penalty 2 will be called on the Surfer Riding the wave. Any such interfering Surfer will be subject to additional sanctions under Rule 14.02.
- (d) In the event of a collision or a near miss with the surfers paddling out for the next heat or paddling in from the previous heat which adversely impacts the scoring potential for the Surfer from the current heat riding the wave (if the Head Judge and the majority of the Judges deem the collision/near miss occurred on a wave with no scoring impact on the current heat result then there is no interference penalty or possibility of a resurf), the following applies:

- (i) If a Surfer paddling out or paddling in has no ability to remove themselves from the line of a Surfer Riding a wave then there's no penalty.
- (ii) If a Surfer paddling out or paddling in accidentally causes a collision or near miss with the Surfer riding a wave it is up to the Head Judge and the majority of the Judges to call an interference penalty and to consider the possibility for a resurf. In determining whether to call an interference penalty and to consider the possibility of a resurf, the Head Judge and the judges will consider the Surfer's safety and the Surfer's positioning/effort to avoid the situation. If an interference penalty is called, Interference Penalty 1 will apply.
- (iii) (iii) If the majority of the Judges determine that the Surfer paddling out for the next heat or paddling in from previous heat deliberately caused the collision or near miss with the Surfer Riding a wave then interference penalty 2 will be called against the surfer paddling in or out and the possibility for a resurf could be considered. Any such interfering Surfer will be subject to additional sanctions under Rule 14.02.
- (iv) If the majority of the Judges determine that the Surfer Riding the wave deliberately caused a collision with a Surfer paddling out for the next heat or paddling in from previous heat, then Interference Penalty 2 will be called on the Surfer Riding the wave. Any such interfering Surfer will be subject to additional sanctions under Rule 14.02.

Priority Rules

11.09 Right of Way using the Priority System

- (a) For heats where Priority applies, the Priority system will determine which Surfer has Priority to a wave at that time. The Surfer with Priority has the unconditional right of way and can paddle for and Ride any wave they select. The Surfer's opponent(s) can paddle for and Ride the same wave in any direction and be scored providing they do not;
 - (i) Hinder the scoring potential of the Ride for the Surfer with Priority.
 - (ii) Cross in front of or bottom turn around the Surfer with Priority hindering their scoring potential, regardless if the Surfer is up and Riding a wave or in the process of catching a wave.
- (b) If a Surfer without Priority does not comply with Rule 11.09(a), Interference Penalty 2 will be called against them.
- (c) If a Surfer incurs an interference penalty, they will lose priority. The Priority Judge will determine the new priority position of the Surfers in the heat. It's the responsibility of the Surfers to check for changes to the priority in a heat at all times.

11.10 General Priority

- (a) Before Priority has been established, all non-Priority rules apply.
- (b) The Priority Judge will make any call on Priority using a colored display system corresponding to the Surfer's competition jersey colors in the water to indicate Priority and may consult the judging panel for close calls. With all display systems, if vertical then order of Priority

will be from top to bottom and if horizontal then order will be from left to right. Once Priority has been established, it is the Surfer's responsibility to check the Priority system for their Priority position at all times.

- (c) Wave Priority is lost as soon as a Surfer Rides a wave or makes a committed paddle to catch a wave and misses a wave.
- (d) Rule 11.10(c) will not apply in heats with more than two (2) Surfers if the Surfer is:
 - (i) Paddling alongside a Surfer with higher Priority, who then catches the wave.
 - (ii) They are blocked by a Surfer with higher Priority by paddling or positioning.
- (e) If a Surfer inside has second or third Priority and their opponent paddles for, but misses a wave, the inside Surfer automatically assumes the higher Priority. Therefore, if they also paddle for, but miss the wave, then they have also lost Priority. That is, both Surfers have then lost Priority even though only one (1) wave has passed and there was not sufficient time to change the Priority.
- (f) Once a heat has ended all Priority ceases. If a Surfer is riding on a wave as the heat ends, they can't be interfered with by any Surfer (even if that Surfer had higher Priority before the heat ended). If an interference occurs, an Interference Penalty 2 or Penalty 3 (refer to circumstances described in rule 11.17 (b)) will be called.
- (g) In all cases where a dispute results from a decision or a malfunction of the Priority system, the Commissioner's Office/Office of Tours and Competition (CT Events)/WSL Tour Representative (non-CT Events) will consult with the Head Judge and Priority Judge to determine a resolution, which may include a re-surf.
- (h) An Interference Penalty 2 may be called individually by the Head Judge only if the majority of the judging panel do not see the incident.
- (i) Priority allocation is based on who the Priority Judge believes has reached the Primary Take Off Zone first. In cases where Surfers appear to reach the Primary Take-Off Zone at the same time, Priority will go to the Surfer who did not have the last Priority.
 - (i) For situations in which multiple peaks and / or different priority zones are available, priority will be awarded as the surfers arrive at the priority zone they elect to surf on. The last priority available will be awarded regardless of the priority zone in question."
 - (j) When there is PWC assistance, the allocation of Priority when two (2) Surfers are being transported at the same time will be decided by the Priority Judge after taking into account both pick-ups and drop-offs. PWCs cannot overtake each other at any time when returning a Surfer to the line-up.
 - (k) If the Head Judge or Priority Judge determines that Priority is affected by either the PWC pilot's capacity or mechanical problems in a certain situation, Priority will be allocated as the Head Judge or Priority Judge deems appropriate.
 - (l) If any unauthorized PWC assistance is used by any Surfer, they automatically move to lowest Priority.
 - (m) When a Surfer Rides a wave or receives PWC assistance prior to a heat start, that Surfer takes the lowest Priority position in their heat once it has begun and retains it after any restart.

- (n) In the discretion of the Priority Judge, if a Surfer's equipment is damaged and they actively make their way to their replacement equipment (including catching a wave in prone position or use of a PWC for Surfer safety) or when a Surfer gets washed out of the Primary Take-Off Zone by a set:
 - (i) the Surfer's Priority is suspended, indicated by the Surfer having "No Priority"; and
 - (ii) the Surfer's Priority position (1st, 2nd, etc.) they had when they were in the Primary Take-Off Zone can be reinstated once they return to the Primary Take-Off Zone

11.11 **"Blocking Rule" in Non-Priority Situations:** For all Events with a Priority Judge, a Surfer with the inside position will be allocated lowest Priority applicable at the time if they:

- (a) Make a committed paddle for a wave and block a Surfer from catching that wave; or
- (b) Position themselves in the take-off zone and block another Surfer from catching a wave.

11.12 **Excessive Hassling in Non-Priority situations:**

For all Events with a Priority Judge, if in the opinion of the Priority and Head Judge, a Surfer excessively hassles, blocks or hinders another Surfer from paddling in the line-up they will be allocated the lowest Priority applicable at the time. If the behavior is aggressive or unsportsmanlike then an Interference Penalty 1 may also be called. The Surfer will also be subject to additional sanctions under Rule 14.02.

11.13 **"Blocking Rule" in Priority Situations:**

- (a) The Priority Surfer will lose Priority if in the opinion of the Head Judge or Priority Judge they:
 - (i) Paddle in front of the non-Priority Surfer to deliberately impede them from catching a wave.
 - (ii) Position themselves in the take-off zone to prevent another Surfer from catching a wave.
 - (iii) Use their Priority by either paddling for or taking off on a wave to block their opponent when the Surfer with Priority appears to have had no intention to score. In this situation, Priority can be awarded regardless of which Surfer reaches the take-off zone first after the Ride.
- (b) If a Surfer with superior Priority paddles outside the Primary Take-Off Zone (including if they sit on inside position), the Surfer will have their Priority suspended until they re-enter the Primary Take-Off Zone. If the Surfer does not re-enter the Primary Take-Off Zone, they will no longer be the Priority Surfer. The Priority Judge will determine the Surfer's new Priority position in the heat. All attempts will be made to verbally announce the Priority Surfer as they start to leave the Primary Take-Off Zone by a verbal warning via the PA system. Surfers should not rely on the verbal warnings and should always visually confirm the Priority order displayed at the Priority board of the Event.

11.14 **Two (2)-Surfer Heat Priority:** Two (2)-Surfer Heat Priority works in the following manner, subject to Rules 11.11 and 11.13(j):

- (a) At the start of a heat, once the first wave has been ridden, the second Surfer gets automatic Priority for any other wave they choose, unless the Surfer Rides the wave before the heat starts (refer to Rule 11.13(j)) or if the Surfer is not in the Competition Area before the heat

start.

- (b) If a Surfer with second Priority paddles for and misses a wave they will not lose their Priority position unless (i) their hands left the rails, as they attempted to stand or they paddled outside the Primary Take-Off Zone, as determined by the Priority Judge and (ii) the Surfer with first Priority Rides a wave and returns to the Primary Take-Off Zone before the Surfer with second Priority.
- (c) Allocation is based on who the Priority Judge believes has reached the Primary Take-Off Zone first. In cases where Surfers appear to reach the Primary Take-Off Zone at the same time, Priority will go to the Surfer who did not have the last Priority.
- (d) If a Surfer is not in the Primary Take-Off Zone when the heat starts and arrives late, Priority will be allocated to the other Surfer at the discretion of the Priority Judge.

11.15 **Three (3)-Surfer Heat Priority:** Three (3)-Surfer Heat Priority works in the following manner, subject to Rules 11.11 and 11.13(j):

- (a) The first Surfer to Ride a wave then receives third Priority (First Surfer).
- (b) The remaining two (2) Surfers in the heat have Priority over the First Surfer and may paddle for waves without losing this Priority until one of them catches a wave (Second Surfer).
- (c) Once the Second Surfer catches a wave, the initial heat Priority order is established:
 - (i) The Surfer yet to catch a wave receives first Priority; and
 - (ii) the remaining Surfers will receive Priority in the order they return to the Primary Take-Off Zone.
 - (iii) The Surfer with first Priority has Priority over both other Surfers. The Surfer with second Priority only has Priority over the Surfer with third Priority.
 - (iv) If a Surfer is not in the Primary Take-Off Zone when the heat starts and arrives late, the Surfer will be allocated the appropriate Priority position as determined by the Priority Judge at the time when the Surfer reaches the Primary Take-Off Zone.
 - (v) If a Surfer with third Priority paddles for and misses a wave they will not lose their Priority position unless (i) their hands left the rails, as they attempted to stand or (ii) they paddled outside the Primary Take-Off Zone, as determined by the Priority Judge.

11.16 **Four (4)-Surfer Heat Priority:** Four (4)-Surfer Heat Priority works in the following manner, subject to Rules 11.11 and 11.13(j):

- (a) The first Surfer to Ride a wave receives fourth Priority (First Surfer).
- (b) The remaining three (3) Surfers in the heat have Priority over the First Surfer and may paddle for waves without losing this Priority until the next Surfer catches a wave (Second Surfer).
- (c) The remaining two (2) Surfers in the heat have Priority over the First and Second Surfer and may paddle for waves without losing this Priority until one (1) of those Surfers catches a wave (Third Surfer).
- (d) Once the Third Surfer catches a wave, the initial heat Priority order is established:
 - (i) The Surfer yet to catch a wave receives first Priority; and
 - (ii) the remaining Surfers will receive Priority in the order they return to the Primary Take-Off Zone.
 - (iii) The Surfer with first Priority has Priority over all other Surfers. The Surfer with second Priority only has Priority over the Surfers

with third and fourth Priority. The Surfer with third Priority only has Priority over the Surfer with fourth Priority.

- (e) If a Surfer is not in the Primary Take-Off Zone when the heat starts and arrives late, the Surfer will be allocated the appropriate Priority position as determined by the Priority Judge at the time when the Surfer reaches the Primary Take-Off Zone.
 - (i) If a Surfer with fourth Priority paddles for and misses a wave they will not lose their Priority position unless (i) their hands left the rails, as they attempted to stand or (ii) they paddled outside the Primary Take-Off Zone, as determined by the Priority Judge.

11.17 **Interference Penalty**

- (a) Interference Penalties will be as follows:
 - 1. Interference Penalty 1: The value of the interfering Surfer's second highest scoring Ride will be halved.
 - 2. Interference Penalty 2: The interfering Surfer's second highest scoring Ride will tally as a zero.
 - 3. Interference Penalty 3: The interfering Surfer's highest scoring Ride will tally as a zero.
 - 4. Disqualification: The Surfer will be disqualified from the heat
- (b) For Priority situations when an interference is called on a Surfer, then Interference Penalty 2 will apply. Notwithstanding the foregoing, in CT and Challenger Series Events only, if there is an interference (e.g., by dropping in, paddling, blocking) that prevents a Surfer from performing on a potential scoring Ride (i.e., a Ride that the Judges determine could have resulted in one or the Surfer's two highest scoring Rides) in the final five (5) minutes of a heat, then Interference Penalty 3 will apply. For the avoidance of doubt, a violation of this Rule does not mean an automatic violation of Rule 11.20. If a majority of the Judges determine that the interference during the final five (5) minutes was intentional, the interfering Surfer will be Disqualified.
- (c) In non-Priority situations when an interference penalty is called on a Surfer, then Interference Penalty 1 will apply.
- (d) When an interference penalty is called on a Surfer while paddling to catch a wave or while Riding a wave, the Ride will be scored zero.
- (e) Interference will be denoted by a triangle on the Judge's Sheet.
- (f) Any interfering Surfer will be penalized and once an interference decision is made, it can only be modified by the Head Judge if they deem the decision was made relying on inaccurate technology (video/audio). The Judges will not enter into any discussion over the interference call.
- (g) **INTENTIONALLY DELETED**
- (h) Where any Surfer incurs two (2) interference penalties, they must immediately leave the Competition Area (failure to do so will result in a penalty in accordance with Chapter 14 of this Rule Book) and:
 - (i) If both interferences are in a non-Priority situation, then Interference Penalty 1 will apply to both.
 - (ii) If one interference is in a non-Priority situation and the other in a Priority situation, regardless of the order, then Interference Penalty 1 will apply to the Surfer's highest scoring Ride and Interference Penalty 2 will apply to the Surfer's second highest scoring Ride.
 - (iii) If both interference penalties are in a Priority situation, or in CT and Challenger Series Events only one of the interference

penalties is within the final 5 minutes of the heat (See Rule as per 11.17 (b)), the Surfer will be disqualified from the heat.

- (i) If neither Surfer in an interference situation has established Priority over the other Surfer involved, then Interference Penalty 1 will apply regardless of whether the other Surfers in the heat (not involved in the interference situation) hold Priority or not. This rule will be applied to one-on-one, three (3)-Surfer and four (4)-Surfer heats.

- 11.18 **Excessive Hassling in Priority situations:** In the opinion of the Priority and Head Judge, if a Surfer excessively hassles another Surfer who has Priority, in an unsportsmanlike manner, an Interference Penalty 2 can be called against the interfering Surfer. For the avoidance of doubt, a violation of this Rule does not mean an automatic violation of Rule 11.20 but may include sanctions under Rule 14.02.
- 11.19 **Using Priority:** In the opinion of the Priority or Head Judge, if a Surfer paddles outside of the Primary Take-Off Zone, and prior to having their priority suspended by the Priority Judge, utilizes their Priority in an unsportsmanlike manner to intentionally block another Surfer with lower or no Priority an Interference Penalty 2 will be called against the interfering Surfer. For the avoidance of doubt, a violation of this Rule does not mean an automatic violation of Rule 11.20.
- 11.20 **Serious Unsportsmanlike Interference:** If the Head Judge and the Commissioner's Representative or WSL Tour Representative determine that an interference during an Event was intentional or unsportsmanlike and results in the injury of another Surfer, notwithstanding any penalty available under Rule 14.09 (which may include suspension from Events or an entire Tour), a Surfer will lose the benefit of counting their best Event result when calculating their Ranking on the relevant Tour (e.g., if this Rule is violated at a QS/Challenger Event, their QS Ranking will be effected). In addition, the heat in question can be re-surfed if determined by the Head Judge that the result was affected by the Surfer's conduct referred to within this Rule.
- 11.21 **Unauthorized Use of Transportation:** If a Surfer uses any outside assistance during a heat, such as a skateboard, scooter, car or bike to travel along to beach to aid the Surfer in getting to the break or jet ski or boat to return to the break (other than where provided and permitted by the WSL), they will receive an Interference Penalty 2.

CHAPTER 12: PERSONAL WATERCRAFT (PWC) GUIDELINES

- 12.01 **Use of PWC:** All WSL Events have the option to allow the use of PWC assistance during an Event under the approved guidelines as decided by the Office of Tours and Competition from time to time, including those in this Chapter.
- 12.02 **Guidelines for PWC Use**
- (a) Events insurance must cover PWCs in case of accidents involving pilots, Surfers and the general public.
 - (b) PWCs will be allowed under the following conditions.
 - (i) Extreme surf conditions;
 - (ii) Long paddle back to line-up;
 - (iii) Safety reasons; and
 - (iv) When the wake will not cause adverse damage to the waves.
 - (c) The decision on the use of PWCs will be made by majority vote of the Head Judge, Surfer Representative and Office of Tours and Competition (CT)/ WSL Tour Representative (all other events).
 - (d) The direction they are to use to get back to the line-up will be determined at the Event by the Head Judge and pilot's team leader with the route causing the least wake in the Primary Take-Off Zone.
 - (e) The line-up drop-off point will be preferably wide or outside of the Primary Take-Off Zone with a buoy to mark the position. The maximum paddle time from the line-up drop-off point to the Primary Take-Off Zone should be no less than thirty (30) seconds.
 - (f) The inside pick-up point is to be decided by the Head Judge on the day depending on surf conditions. Basically, near the end of the wave or set zone within the Competition Area, the PWCs will sit in deep water and move in as the Surfer exits a wave. If a Surfer fails to make the inside pick-up point, the PWC can't move up the line-up to get them. They must wait for the Surfer to paddle to the inside pick-up position unless a Surfer's safety is at risk. If a pilot acts contrary to this Rule, they are subject to discipline in accordance with this Rule Book.
- 12.03 **Qualified Pilots:** WSL will supply the Events with a list of qualified PWC pilots in accordance with the WSL PWC safety management plan. There will be two (2) lists of names.
- (a) The first list will be a select group from which one (1) must be selected and used as the Team Leader and decision maker. Contact WSL for this list.
 - (b) The second list will be composed of all other authorized pilots from which the remainder of the pilots to be used must be chosen. All pilots must have CPR skills, tow in/out experience and hold any required permits, licenses or certifications required by the rules and regulations governing the location of the Event. The PWC pilots must provide evidence of all required permits, licenses or certifications prior to working at an Event.
 - (c) If WSL does not have an active PWC safety management plan at any time, the obligation to provide qualified PWC pilots will fall on the Event licensee/organizer and nothing in this Rule Book removes or substitutes any obligation within the relevant Event license agreement.

- 12.04 **Priority:** The allocation of Priority when two (2) riders are being transported at the same time will be decided by the Priority Judge after taking into account both pick-ups and drop-offs. PWCs cannot overtake each other at any time when returning a Surfer to the line-up drop-off point.
- 12.05 **Head Judge Authority with respect to PWC**
- (a) The Head Judge may place a heat on hold due to unforeseen circumstances. If a Surfer is injured by a PWC during the course of a heat, the heat can be put on hold while the Surfer receives medical attention. Once the medical attention is completed, the heat will be restarted with the remaining available time in the heat.
 - (b) If the Head Judge determines that Priority is affected by either the PWC pilot's capacity or mechanical problems, Priority will be allocated as the Head Judge deems fit.
 - (c) The Head Judge will determine at the start of each day of competition if PWC assistance is permitted to transport the Surfers from where they have lost their surfboard to the marshalling area or the beach as directed (while safety concerns for any Surfer remain paramount).
- 12.06 **General**
- (a) Where only one (1) PWC is available, use of it will be suspended until such time as both PWCs are back in use or until the Head Judge, consults with the WSL Tour Director, Surfer Representative and Surfing Director and they have decided that it is suitable to allow the one (1) PWC to operate.
 - (b) Two-way radio communication between all PWC pilots and Head Judge must be available at all times.
 - (c) Caddies that have passed on their board to the Surfer they are caddying for can obtain use of the Surfer's PWC, if not being used and it is available, to transport them to the lost surfboard or the beach. If they are taken to the lost surfboard, they can be transported back to the marshalling area; provided, however, that if they are transported to the beach, they must paddle back to the defined marshalling area for Caddies.
 - (d) If PWC assistance is used by any Surfer with Priority they automatically lose that Priority with the possible exception of Rule 11.10(n)(ii).

CHAPTER 13: JUDGING

13.01 **Selection of and Review Judges:**

- (a) No person who has a Vested Interest in a result of a heat or Event may Judge at a WSL Event. Only the Office of Tours and Competition will have the authority to make appointments and substitutions for an Event. A Surfer's request for the standing down of a Judge based on a claim they have a Vested Interest will be heard and handled by the Office of Tours and Competition.
- (b) Following the completion of each CT Event, the Head Judge will conduct a review of the scoring of each Judge on the Judging Panel for such Event and will determine a rating for such Judge for such Event.

13.02 **Judging Panel Composition:** The following compositions of judging panels must be available for the respective Event:

- (a) **CT Events:** One (1) International Head Judge, seven (7) International Scoring Judges and one (1) International Priority Judge. The number of Scoring Judges from any Regional area or Country is limited to a maximum of three (3). There must be five (5) Judges scoring each heat.
- (b) **Challenger Series Events:** One (1) International Head Judge, seven (7) International Scoring Judges and one (1) International Priority Judge. The number of Scoring Judges from any Regional area or Country is limited to a maximum of three (3). There must be five (5) Judges scoring each heat.
- (c) **World Junior Championships:** One (1) International Head Judge, seven (7) International Scoring Judges and one (1) International Priority Judge. The number of Scoring Judges from any Regional area or Country is limited to a maximum of three (3). There must be five (5) Judges scoring each heat.
- (d) **QS 6000 Events:** One (1) Regional Head Judge, seven (7) Regional Scoring Judges and one (1) Regional Priority Judge. There must be five (5) Judges scoring each heat.
- (e) **QS 4000 Events:** One (1) Regional Head Judge, a minimum of six (6) Regional Scoring Judges and one (1) Regional Priority Judge. There must be a minimum of four (4) Judges scoring each heat.
- (f) **QS 2000, Regional Pro Junior and Regional Longboard Events:** One (1) Regional Head Judge, a minimum of five (5) Regional Scoring Judges and one (1) Regional Priority Judge. There must be a minimum of three (3) Judges scoring each heat.
- (g) **Men and Women Combined QS Events:** The higher rated event panel composition will be utilized.
- (h) **World Longboard Tour:** One (1) International or Regional Head Judge, seven (7) Regional Scoring Judges and one (1) Regional Priority Judge. There must be five (5) Judges scoring each heat.
- (i) **INTENTIONALLY DELETED**
- (j) **BW:** One (1) International Head Judge, two (2) International Judges and three (3) Regional Judges. There must be five (5) Judges scoring each heat.

13.03 **Split Panels:** In exceptional circumstances where the chances of finishing an Event are in jeopardy, a split panel of three (3) Judges may be used. If it is known ahead of time that split panels will be used

(e.g., due to excess entry numbers), WSL Approval must be obtained and a minimum of a four (4)-Judge panel is permitted.

13.04 **Wave-Scoring Scale:** Rides are scored from 0.1 to 10.0 (ten), broken into one-tenth increments (e.g., 7.3).

13.05 **Judging Criteria (not relevant to Chapter 4 – Longboard and Chapter 7 – Big Wave Events):** Surfers must perform to the WSL judging key elements to maximize their scoring potential. Judges analyze the following major elements when scoring a Ride:

- Commitment and degree of difficulty
- Innovative and progressive maneuvers
- Combination of major maneuvers
- Variety of maneuvers
- Speed, power and flow

It's important to note that the emphasis of certain elements is contingent upon the location and the conditions on the day, as well as changes of conditions during the day. For CT and CS Events, the Head Judge will provide the Surfers with the judging criteria for each competition day during an Event prior to the start of such competition day.

The following scale may be used to describe a Ride that is scored:

0–1.9 = Poor; 2.0–4.9 = Fair; 5.0–6.4 = Good;

6.5–7.9 = Very Good; 8.0–10.0 = Excellent

13.06 **General Judging Rules**

- (a) Judges should be visually separated. It is the responsibility of the Head Judge to see that the Judges do not discuss scores or interference calls.
- (b) Judges may not change their scores or interference calls once entered and locked on the computer terminal system. Manual Judge's Sheets has to match what is showing on the computer scoring terminal. In the Event that a mistake has been made, the Judge should have the Head Judge make the correction for them.
- (c) If a Judge misses a Ride, or part of a Ride, they should place an "M" in the square of the manual Judge's Sheet, the Head Judge will provide the missed score based on the other Judge's scores for the missed Ride or show the replay of the wave where replay system is available but including consideration for that Judge's position when scoring previous Rides.
- (d) Where unforeseen circumstances occur with respect to competition (which includes but is not limited to Priority and timing), a resolution, which may include a re-surf, will be determined by;
 - (i) At CT events: The Head Judge and/or Commissioner's Representative who will consult with any relevant people at their discretion.
 - (ii) At non-CT events: The Head Judge who will consult with the WSL Tour Representative or other relevant people at their discretion.
- (e) A judging, scoring or heat result decision once made may only be changed if, in the opinion of the judging panel, there is clear video evidence to consider a re-evaluation. A re-surf or a score change may be considered by that judging panel at the time. The Head Judge has the authority to call a re-surf without the involvement of

Surfers in the heat, if it is deemed appropriate. The Head Judge is to decide who should be involved in a re-surf if applicable and when the re-surf may occur. The Head Judge can delay the start of the next heat or round while a decision is made.

- (f) A decision once made by the WSL judging panel can only be protested via the Head Judge or the Commissioner's Office. No other Judges are to be approached relating to any calls and/or decisions (including any approach by Surfer Support Staff). See process for protests described in Rule 10.07.

- (g) No Judge of a WSL Event may make any comments, on a Surfer's chances in any Event, to the public, media, or other Surfer. If a Judge does make a comment violating this Rule, their contract with WSL will be immediately reviewed notwithstanding any other rights WSL may have, contractual or otherwise. Once the review process is completed, the Commissioner's Office (or WSL Tour Representative) will communicate the outcomes and any resulting actions to all relevant parties, including competitors, judges, event organizers, and potentially the broader surfing community if deemed necessary.

13.07 **Judging Fees**

- (a) Minimum payment for Judges, and other Judging payment information, for all Events will be as described in the WSL Event Planner or Event License Agreement.
- (b) All judging fees for CT, Challenger Series, WJC and BW are to be paid in US\$.

13.08 **Judging for Non-Event Activities:** All activities held during the Event Window that are surf-related and take on any form of competition are to be judged by WSL Judges, who are working at the Event (if each of the Judges agrees to do so). Pay rates for such activities are listed in the Event and Judging Planner.

13.09 **WSL Computer Scoring System**

- (a) The computer scoring system prescribed by WSL is compulsory at all WSL Events.
- (b) Computer scoring operator hours, rates and conditions are as described by WSL in the relevant Event license agreement or Event Planner.

13.10 **WSL Judging Area**

- (a) No Surfers or Support Staff may enter the judging area at any time unless specific access has been granted by the Office of Tours and Competition.

13.11 **Role of the Head Judge in CT and CS Events**

- (a) Communicate and coordinate with PWC teams for Surfer assistance and safety.
- (b) Oversee the Judging Panel's scores, interference calls and priority calls throughout the Event.
- (c) Establish the judging criteria with the Judging Panel at the beginning of the competition day and reiterate it at the start of each heat. The Head Judge will also consistently monitor and maintain this scale throughout the Event.
- (d) Facilitate the use of the judging replay system.
- (e) Supervise all judging elements at the Events, adhering to the judging criteria and this Rule Book.
- (f) Respond to Surfer's' Protests during an Event.
- (g) Attend Heat Reviews when a Surfer formally requests following

- the Heat Review protocol.
- (h) Take part in decisions about heat resurfs and determine who should be involved in the resurf.
 - (i) Stopping heats in case of extreme danger or due unforeseen circumstances.
 - (j) Suspend heats for incidents reviews (CT only).
 - (k) Place heats on hold due to sound system malfunction,

CHAPTER 14: WSL CONDUCT POLICY

14.01 **Introduction.** This Policy applies to all Surfers, Support Staff, and Judges who are involved with or who participate in Events. All Surfers, Support Staff, and officials shall always comply with this Rule Book and conduct themselves in a professional manner that will not reflect unfavorably on the sport of surfing, WSL, or its members, officers, representatives, Events, or sponsors. All Surfers shall comply with WSL's Anti-Doping Policy. The requirements of WSL's Anti-Doping Policy and the sanctions for violating that Policy are addressed separately in that policy.

14.02 **Sportsmanlike Conduct:** All individuals bound by this Policy must act at all times with Sportsmanlike Conduct, which is defined as, but not limited to: (i) respect for WSL Tour and Event sponsors, Judges, opponents, WSL management, WSL representatives, spectators, members of the media or any other person within the designated Event site, including refraining from making derogatory comments on Social Media; (ii) respect for facilities and operational procedures at Events; and (iii) refraining from the following at an Event venue:

- (a) visible gestures, which are commonly understood to be derogatory, profane, and/or highly offensive or would indicate a sexually explicit act;
- (b) use of profane or abusive language (in any comments which disparage WSL Tour and Event sponsors, Judges, opponents, WSL management, WSL representatives or otherwise dispute or disparage the Event judging);
- (c) illegal (e.g., underage) or immoderate use of alcohol;
- (d) use of illegal drugs; and
- (e) intentional and purposeful displays and /or exposures of nudity.

This is not intended to be an exhaustive list of violations of Sportsmanlike Conduct but merely a general guideline. Any person bound by this Policy and found to violate this Rule shall be subject to the following disciplinary action:

- (i) **Monetary Fines and Disqualification.** The monetary fine amounts for an offense of this Rule range from \$1,000 USD to \$100,000 USD per offense. An offender under this Rule may also be subject to disqualification from the Event or future Events.
- (ii) **Suspension and Expulsion.** Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from the WSL.
- (iii) The use of illegal drugs which also violate the WSL Anti-Doping Policy shall also be subject to sanctions under that Policy.

14.03 **Additional Standards of Conduct:** All individuals bound by this Policy who are convicted of a crime or subject to a disposition of a criminal proceeding (including an adjudication of guilt or admission to a criminal violation; a plea to a lesser included offense; a plea of nolo contendere or no contest; or the disposition of the proceeding through a diversionary program, deferred adjudication, disposition of supervision, conditional dismissal, or similar arrangements) are subject to discipline. But even if the conduct does not result in a criminal

conviction, individuals bound by this Policy who are found to have engaged in any conduct (i) detrimental to the integrity of and public confidence in the WSL or (ii) that reflects unfavorably on the sport of surfing, WSL, or its members, officers, representatives, Events, or sponsors will be subject to discipline. Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense.

- 14.04 **Damage to Surfing's Image:** In addition to the obligations set forth in Rule 14.11, individuals bound by this Policy shall not engage in any conduct that could cause damage to the image of the sport of surfing. For purposes of this Rule, "damage to the image of the sport of surfing" is defined as any act, regardless of time or place, which casts the sport of surfing or WSL in a negative light, which shall include any comments which disparage WSL Tour and Event sponsors, Judges, opponents, WSL management, WSL representatives or otherwise dispute or disparage the Event judging. Without restricting the application of this Rule, "damage to the sport of surfing" will include any comments or broadcast from Social Media that the Surfer is responsible for and any comments by a Surfer or a member of their Support Staff on any other person's Social Media. For the purposes of this Rule, a Surfer is responsible for their and their Support Staff's Social Media. Any Surfer found in violation of this Rule shall be subject to the following disciplinary action:

- (a) **Monetary Fines and Disqualification.** The monetary fine amounts for an offense of this Rule range from \$1,000 USD to \$100,000 USD per offense. An offender under this Rule may also be subject to disqualification from the Event or future Events.
- (b) **Suspension and Expulsion.** Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from the WSL.

- 14.05 **Official WSL Equipment and Surfboards.** No individual bound by this Policy shall make any alterations or changes to any official WSL equipment, without the WSL's prior approval. Official WSL equipment means the jersey, wearable technology provided by WSL, and other equipment specifically designated in the future by WSL. For avoidance of doubt, an individual's surfboard is not official WSL equipment. Individuals bound by this Policy are responsible for any images or words on their surfboard, which in all cases are subject to this Policy. For avoidance of doubt, in no event, may an individual bound by the Policy include a direct endorsement of a political figure or political party on their surfboard. Any Surfer found in violation of this Rule shall be subject to the following disciplinary action:

- (a) **Monetary Fines and Disqualification.** The monetary fine amount for an offense of this Rule ranges from \$1,000 USD to \$50,000 USD per offense.
- (b) **Suspension and Expulsion.** Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to

suspension and/or expulsion from the WSL.

14.06

Gambling, Inappropriate Financial Interest or Relationship, and Bribery: No individual bound by this Policy shall:

- (a) participate in any form of wagering, betting, offering/taking of odds or any other form of gambling in connection with professional surfing (including asking others to place bets on their behalf, or otherwise benefiting financially from, or assisting with, bets placed by others);
- (b) associate or have any dealings with persons or organizations whose activities, including gambling, might reflect adversely on the integrity of professional surfing;
- (c) place illegal bets on any sport or event, including bets placed with illegal bookmakers or illegal off-shore sports betting websites or applications;
- (d) solicit or accept any bribe, gift, payment or reward or anything of value for the purpose of influencing competition during an Event;
- (e) perform services in any capacity involving sports betting for any third party (including without limitation, consulting or advising on sports betting issues, or advertising, promoting or endorsing sports betting products or services);

Disciplinary Actions

- (a) **Monetary Fines.** Due to the incredibly negative repercussions to professional surfing and the integrity of WSL competition, any individual found in violation of Rule 14.06 may receive a monetary fine of five (5) times the highest amount able to be won from the violating activity whether any benefit was received or not, and a further fine as determined in the discretion of the Discipline Committee.

Event or WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from any WSL Tour.

- (c) Other Appropriate Sanctions and Substantial Assistance. Any individual found to violate this Rule may be subject to other appropriate sanctions imposed by the Discipline Committee designed to protect the integrity of the sport and competitions. Any substantial assistance provided by an individual in connection with further investigations and discovery of other violations will be a considerable factor when final sanctions are determined.

14.07 **Best Efforts:** All Surfers shall compete in accordance with their “Best Effort(s)” in all Events. For the purposes of this Rule, “Best Efforts” shall be defined as a Surfer’s utmost attempt to compete to the best of such Surfer’s ability during all Competitive Events. During Events, this Rule also includes spectators, or any other person within the designated Event area. For the purposes of this Rule, verbal assault is defined as any oral statement about one or more of the aforementioned persons that: threatens harm; instills fear; implies dishonesty; is derogatory; consists of profanity; or is otherwise highly offensive. For the purposes of this Rule, physical assault is defined as any battery or assault. All forms of shoving, fighting, mutual combat or the like are considered violations of this Rule. An act deemed by the Discipline Director to be an act entirely in self-defense will not be treated as a violation of this Rule. If it is immediately clear to the Commissioner's Office or the Head Judge which individual or individuals were the initial aggressor of the incident, then that individual shall be disqualified from the remainder of that Competitive Event or, if the Surfer has already been disqualified via loss, then the Surfer shall be suspended from the next Event. Any individual involved in an incident of physical assault will also be subject to the following disciplinary action:

- (a) Displaying or transmitting Content via Social Media that reasonably could be construed as an official public communication of WSL or any WSL Tour without obtaining proper authorization.
- (b) Displaying or transmitting Content that contains confidential or proprietary information of WSL or any WSL Tour or their respective employees or agents, including, for example, financial information, medical information, strategic information, etc.

- (ii) Suspension and Expulsion. Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense. Where multiple offenses occur within one (1) or

more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from the WSL.

- 14.12 **Other Miscellaneous Violations and Penalties:** The following table is a general guideline for miscellaneous violations which may not be covered in the other Rules of Chapter 14. However, some violations described below may also be considered violations of Rule 14.02 or Rule 14.03 and in such circumstances, the violation penalty shall be the greater of the two (2) possible penalties. Suggested guideline penalties followed by “*” indicate violations for which Suspension and/or expulsion are possible penalties given either the severity or the repetitiveness of the violation.

- (b) Where a serious violation of the WSL Rule Book has occurred at an Event, a decision by the Discipline Committee cannot be made as they cannot be contacted in a timely manner, and immediate disqualification from the Event is reasonable in accordance with this Rule Book, the WSL Tour Director in consultation with the Head Judge and other WSL representatives (after using reasonable efforts to obtain a statement from the Surfer stating their defense and considering the same) may disqualify a Surfer from the Event. The Discipline Director will rule to modify, ratify or set aside the disqualification of the Surfer at the earliest convenience in accordance with this Rule and this Rule Book. WSL will not be liable to the Surfer for damages for loss as a result of the implementation of this Rule.
- (c) Subject to Rule 14.15(e), before any sanction is imposed by the Discipline Committee, the individual subject to discipline shall be notified of the rule violation and sanction that would be imposed should the individual fail to submit a written statement in accordance with Rule 14.15(d) to the Discipline Director.
- (d) From the date of the Notice, the individual has ten (10) days to provide an explanation for the violation, an opinion on the sanction proposed in the notice, any applicable mitigating circumstances, and supporting evidence to the Discipline Director for consideration. become final. The notice of appeal shall set forth all reasons why the discipline imposed should be reversed or reduced and any other relief sought.

- (b) Within five (5) days of the Discipline Director's receipt of the notice of appeal, WSL shall provide the appealing party a list of three (3) independent arbitrators. The appealing party shall, within five (5) days of WSL's transmittal of the list, select an arbitrator from that list to hear the case and notify WSL of that selection. If no arbitrator has been selected by the appealing party, then WSL shall select an arbitrator from the list to hear the case.
- (c) Within five (5) days of the arbitrator selection, WSL shall file its response to the appealing party's notice of appeal.
- (d) The procedural rules for the appeal shall be established by the arbitrator, recognizing that speedy resolution of the matter is critical and that normal judicial rules do not apply.
- (e) The arbitrator may set such hearing or schedule such scheduling or status conferences as he/she deems appropriate.
- (f) A hearing shall take place, either in person or by videoconference, as directed by the arbitrator, within forty-five (45) days of the arbitrator's appointment.
- (g) At the hearing, the appealing individual shall have the right to be represented by counsel and to call witnesses and submit documents and other relevant evidence. WSL shall have the same right. The appealing party may also engage the services of an interpreter at his/her own expense. The arbitrator shall rule on the admissibility of evidence, including whether to allow evidence in the form of affidavits. Both the appealing party and a representative of WSL shall be present at the hearing so that they may be examined by the other party.
- (h) Unless decided otherwise in the decision of the arbitrator, each party shall be responsible for its own costs and attorney fees incurred in the appeal, and the fees and expenses of the arbitrator shall be split equally between the parties.
- (i) The arbitrator shall render a written decision within ten (10) days of the date of the hearing.
- (j) The decision of the arbitrator shall be final and binding on all parties and shall not be subject to appeal or any form of judicial review.

14.17 Confidentiality of Disciplinary Proceedings
